Schedule 15

Schedule of Benefits

PREAMBLE**A. General**

1. The rates listed in this Schedule of Benefits are the maximum payments which can be made by the Ontario Health Insurance Plan.

2. Insured medical services are limited to the services which are medically necessary, which are listed in this Schedule of Benefits and which are not specifically excluded by legislation or regulation (see Appendix A for a list of specific exclusions).

3. Additions, deletions or other modifications of the Schedule of Benefits require recommendation by the Ontario Health Insurance Plan. Such recommendations are made in consultation with the Ontario Medical Association.

4. This Schedule is a public document and frank discussion with patients regarding the listed rates is recommended.

5. Claims for services which are not listed in the Schedule or which are listed as N.A.B. (not a benefit) or which are excluded as benefits by legislation or regulation should not be submitted to the Plan. Such services may be charged directly to patients or others requesting them.

6. The principles governing proper professional charges are incorporated in the Regulations (Medicine) of the Health Disciplines Act.

7. Each physician who participates in the care of a patient is entitled to compensation commensurate with the services he renders.

8. Whenever possible, the physician should acquaint the patient or person financially responsible with his obligations to those concerned with his care. This is particularly important where supportive or concurrent care is rendered or when a consultation and/or procedure are being arranged.

9. Each physician participating in the care of a patient should render to the patient, or to the financially responsible party, an itemized statement of charges for professional services.

10. Each physician participating in the care of a patient should, on request, send a receipt to the patient for all payments made by him.

11. If fees are collected by an organized group, the name of the physician rendering the service should be clearly shown on the bill or claim card.

12. Documentation: whenever a physician examines or treats a patient, an appropriate record of this service must be made and such record must be in keeping with section 29 of Regulation 448 of the Revised Regulation of Ontario 1980 under the Health Disciplines Act. (see Appendix B).

13. Claims may be submitted for services which a patient receives from the team of staff man, resident, intern and clerk in a teaching unit, provided that the conditions as set out hereunder apply.

On October 10, 1972, the Minister of Health confirmed that the joint recommendations of the College and the O.M.A. governing the charging of fees for services provided by interns and residents in clinical teaching units are acceptable to the Ministry of Health. In his letter the

PREAMBLE

Minister made it very clear that he is looking to the College and the Medical Schools to ensure that the ethical rules governing these billing procedures are followed meticulously in all cases.

It has been carefully explained that the responsible staff man must be present in the clinical teaching unit at the time the services are rendered and must be identified to the patient at the earliest possible moment. No fees are to be charged for services given by the intern or resident prior to this identification taking place. The following rules are now in effect:—

When patient care is rendered in a clinical teaching unit or other setting for clinical teaching by a health care team, the physician responsible shall be personally identified to the patient. His relationship to the team shall be defined by the clinical teaching unit Director and his role must be known to the patient and other members of the team. He shall assume full responsibility for the appropriateness and the quality of the services rendered.

Specific regulations must vary with the service and form of care being delivered:—

- (a) In order to claim for physical procedures being carried out by an intern or resident, the responsible staff man must be in the clinical teaching unit and immediately available to intervene.
- (b) In psychotherapy where the presence of the staff man would distort the psychotherapy milieu, it is appropriate for the staff man to claim for psychotherapy when a record of the interview is carefully reviewed with the resident and the procedure thus supervised. However, the time charged by the staff man may not exceed the total time spent by him in both such interview review and in direct supervision.
- (c) In other departments or services, the staff man should only claim for visits on the days when actual supervision of that patient's care takes place through the presence of that staff man in the clinical teaching unit on that day. This, of course, involves a physical visit to the patient and/or a chart review with detailed discussion with the other member(s) of the health team.
- (d) In those situations where on a regular basis a staff member might supervise concurrently multiple procedures or services through the use of other members of the team, the total claims made by the staff man shall not exceed the amount that the staff man might make in the absence of the other members of the team.

Any claim rendered should be in the name of the responsible staff man.

14. Charges for missed appointments are not benefits of O.H.I.P.

B. Terms and Definitions

Call or Visit: is the service by a physician to or on behalf of a patient for assessment and/or treatment.

1. Consultations:

- (a) A consultation refers to the situation where a physician, in light of his professional knowledge of the patient, requests the opinion of another physician competent to give advice in this field, because of the complexity, obscurity or seriousness of the case or because another opinion is requested by the patient or an authorized person acting on his behalf. The consultant is obliged to perform a general or specific assessment, review the laboratory and/or other data and submit his findings, opinions and recommendations in writing to the referring physician.
- (b) If a consultant is requested by a physician on duty in the emergency department to see a patient in consultation, the consultant may claim a consultation for this service. If

PREAMBLE

the consultant is requested to perform this same service by a resident or intern, the consultant may claim a general or specific assessment according to his specialty.

- (c) For laboratory and procedural benefits connected with consultations, see listings of Laboratory Medicine and Diagnostic and Therapeutic Procedures.
- (d) A consultation is not to be claimed as such when:
 - (i) The patient presents himself to a consultant's office without prior knowledge of the primary physician. The sending of a report to the primary physician under these circumstances does not justify a claim for a consultation.
 - (ii) The primary physician is not asked for professional advice but is simply asked by the patient for the name of a specialist in a particular field and the patient seeks out the specialist himself.
- (e) A diagnostic radiology consultation applies when radiographs made elsewhere are referred to a radiologist for his written opinion or when a radiologist is required to make a special visit at Night (5.00 p.m. to 7.00 a.m.), Saturdays, Sundays and Holidays to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. A consultation does not apply when the radiographs referred to above are used for comparison purposes with radiographs made in the consultant's facilities.
- (f) A diagnostic pathology consultation applies when tissue slides are referred to a second pathologist for a written opinion. It includes secretarial or other assistance **but** does not apply when the tissue slides referred to above are used for comparison with tissue slides done in the consultant's facilities. When a diagnostic pathology consultation fee is claimed L821 may not also be claimed.
- (g) A pathology consultation or repeat consultation applies when a pathologist is requested to examine a patient and provide a written opinion.
- (h) A diagnostic nuclear medicine consultation applies when nuclear medicine studies are referred to a nuclear medicine specialist for a written opinion or when the nuclear medicine physician is required to make a special visit at night (5.00 p.m. to 7.00 a.m.), Saturday, Sunday or Holiday to consult on the advisability of performing a nuclear medicine procedure which eventually is not done. A consultation does not apply when procedures done elsewhere are used for comparison purposes with nuclear medicine studies made in the consultant's facilities.
- (i) A nuclear medicine consultation or repeat consultation applies when a nuclear medicine specialist is requested to examine a patient and provide a written opinion, all of which takes a greater amount of time and effort than a nuclear medicine study would normally require. It may be done in conjunction with a nuclear medicine study but if so, the lesser professional benefit (P_2) rather than the greater benefit (P_1) should be claimed in addition to the technical (T) benefit.
- (j) Some nuclear medicine specialists have other specialist qualifications which allow them to claim other consultation benefits (e.g., internal medicine). A nuclear medicine consultation or repeat consultation may be claimed in lieu of another consultation (e.g., internal medicine) but would not be combined with a claim for such a consultation by the same consultant.
- (k) A prenatal consultation by a paediatrician applies when a physician considers a foetus

PREAMBLE

of greater than 20 weeks gestation to be at risk or in jeopardy by reason of continuation of pregnancy in the presence of maternal and/or foetal distress, and requests the opinion of a paediatrician competent to give advice in this field. The paediatrician shall perform a general or specific assessment, review laboratory and other data and submit his findings and recommendations in writing to the referring physician. Such a consultation does not preclude the paediatrician from a postnatal consultation on the infant.

(l) **A special surgical consultation may apply when a surgeon provides:**

(i) **All the components of a regular consultation but is required to spend considerably more time than is usual in consultation because of the very complex, obscure or serious nature of the problem;**

(ii) **A tertiary consultation based on the foregoing criteria**

The surgeon may claim for special consultations on an I.C. basis (see para 25 Section B)

(m) OHIP benefits for consultations normally are limited to one consultation per year, per patient, by any one physician. However, if the same patient is referred to the same consultant a second time within the year with a clearly defined unrelated diagnosis, one additional consultation may be claimed per year.

2. **Limited Consultation:** may involve all of the components of a full consultation but is less demanding, and in terms of time, normally requires substantially less of the physician's time than the full consultation.

3. **Repeat Consultation:** requires all of the criteria of a full consultation and implies interval care by the primary physician. The situation in which the consultant requests the patient to return for a later examination is not a repeat consultation.

4. **General Assessment:** shall comprise a full history, an enquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record, and advice to the patient.*

OHIP benefits for general assessments normally are limited to one per year per patient by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined new diagnosis, one additional general assessment may be claimed per year. In the case of a patient who proceeds normally to hospital, the admitting physician may claim one additional general assessment per year provided 90 days have elapsed since the last general assessment rendered (anywhere) to that patient by the admitting physician. If the patient doesn't qualify for a general assessment by the admitting physician, he may claim a general re-assessment.

5. **General Re-Assessment:** shall comprise the same services as a general assessment except that the history need not include all the detail already obtained in the original general assessment.*

OHIP benefits for general re-assessments, except for hospital admission re-assessments, are limited to two per year, per patient, by any one physician.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

6. **Specific Assessment:** shall comprise a full history of the presenting complaint, enquiry concerning, and detailed examination of the affected part, region or system, as needed to make a diagnosis and/or exclude disease and/or assess function, an appropriate record, and advice to the patient.*

Physicians qualified in two specialities (EENT for example) may only claim for one visit, eg: a consultation (if referred) or a specific assessment (if non-referred), if both systems are examined during the same visit. However, two consultations or two specific assessments, etc. may be claimed if both systems are examined, each on a separate visit.

OHIP benefits for specific assessments normally are limited to one per year, per patient, by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined new diagnosis, one additional specific assessment may be claimed per year.

7. **Specific Re-Assessment:** shall comprise a full relevant history and a comprehensive physical examination of one or more systems but not requiring an evaluation of the patient as a whole.*

This service is the admission assessment when the patient has been seen prior to admission in the same illness. It is included in the surgical fee except for those procedures marked I.O.P. Complete Care and Fractures and Dislocations requiring no reduction.

8. **Intermediate Assessment:** is a primary care service for physicians providing general practice or paediatric services and is a more extensive assessment than a minor assessment. It shall comprise a history of the presenting complaint(s), enquiry concerning and examination of the affected part(s), region(s), or system(s) or emotional disorder as needed to make a diagnosis, exclude disease and/or assess function, an appropriate record, and advice to the patient.*

9. **Multiple Systems Assessment:** shall comprise a detailed history and examination of more than one system, part or region, an appropriate record and advice to the patient.

10. **Partial Assessment:** shall comprise a history of the presenting complaint, the necessary physical examination, an appropriate record and advice to the patient. It also applies to subsequent visits for assessing the response to treatment and/or advice provided in a previous service.

11. **Minor Assessment:** is a brief assessment comprising the necessary history, examination of the affected part or region, an appropriate record and advice to the patient. It also applies to a subsequent visit solely for assessing the response to treatment of a previously diagnosed condition when the necessary examination and/or assessment reveals that no additional clinical assessment is required and none is performed.*

12. **Psychotherapy:** is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, in which a physician deliberately establishes a professional relationship with a patient for the purposes of removing, modifying or retarding existing symptoms or attenuating or reversing disturbed patterns of

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

behaviour, and of promoting positive personality growth and development. Accordingly, therefore, a psychotherapeutic procedure may be claimed if a half hour or major part thereof has been spent by a physician in such treatment of the patient. Psychotherapy may not be claimed by more than one physician for the same patient at the same time.

In order to qualify for a psychotherapy claim, a minimum of twenty minutes must be spent with the patient. When psychotherapy extends beyond thirty minutes, the major part (**16 minutes**) of the next half hour must be spent with the patient to qualify for an additional half hour fee. Similarly, after an hour of psychotherapy, the major part (**16 minutes**) of the next half hour must be spent to qualify for an additional half hour fee and so on." (Medical Review Committee Bulletin, Volume 3, Number 1.)

13. Counselling: as distinct from psychotherapy, counselling is that activity in which the physician engages in an educational dialogue with the patient(s) on an individual or group basis wherein the goal of the physician and patient(s) is to become aware of the patient(s) problems or situation and of modalities for prevention and/or treatment. Counselling is not intended for ongoing treatment or a substitute for a patient assessment, and it must be rendered personally by the attending physician.

Advice given during a visit for patient assessment and relative to that assessment (see definitions) is included in the assessment benefit and does not qualify for "counselling".

14. Genetic Counselling: includes interviewing the appropriate family members, the collection and assessment of adequate clinical and genetic data to make a diagnosis, construct a pedigree, and assess the risks to persons seeking advice. It includes imparting this information and the various alternatives to the appropriate family members in such a way that they can make informed decisions about dealing with the genetic problem.

15. Examinations of Well Persons:

- (a) **Age:** (unless otherwise specified)

Newborn — up to 10 days of age.

Infant — up to 2 years

Child — up to and including 15 years

Adolescent — up to and including 17 years

Adult — 18 years or over.

- (b) **Newborn Care:** is the routine care of a well baby up to ten days of age and should include a complete physical examination of the baby and necessary instructions to the mother. The service shall involve at least two visits, and normally may not be claimed for the same patient by more than one physician.

When a well baby is transferred to another hospital (because of the mother's state of health, for example) claims for newborn care by a physician at each hospital may be appropriate.

- (c) **Low Birth Weight Care:** is the care of a baby weighing less than 2.5 kilograms at birth.
- (d) **Well Baby Care:** the periodic visits of a well baby during the first two years of life involving complete examination with necessary weight and measurements and instructions to the parent(s) regarding health care.
- (e) **Annual Health or Annual Physical Examination (Including Primary and Secondary School Examinations):** shall comprise all the elements of a general assessment as it

PREAMBLE

pertains to an individual who presents and reveals no apparent physical or mental illness. O.H.I.P. benefits for any one physician are limited to one Annual Health Examination per patient per year after the second birthdate. To qualify for O.H.I.P. benefits, an Annual Health Examination normally must be requested by the patient rather than a third party. Under Regulation 452 of Revised Regulations of Ontario, 1980 under the Health Insurance Act, examinations for the purpose of "legal requirements or proceedings" are excluded from coverage. However, it is recognized that an Annual Health Examination will satisfy some or all of the requirements for examinations required by statute but excluded by the above mentioned Regulation. In such instances and where a prior claim for an Annual Health Examination has not been submitted to the Plan in the previous twelve months for that patient, it would be appropriate to submit a claim to OHIP for this service. The OHIP benefit in these cases covers the Annual Health Examination only and not any charges peculiar to the legal requirements, such as charges for the completion of forms.

- (f) **Predental General Assessment:** Is the history and examination of a patient required prior to dental surgery under anaesthesia in hospital. A diagnosis is not required by OHIP for this service.

Other Terms, Definitions and Guidelines

16. **Coding:** This schedule lists a code number opposite most items. Items which are not coded are identified either as U.V.C. or N.C.

U.V.C.— use visit codes applicable to the pertinent service and specialty

N.C.— no code applicable. This service is not a benefit (N.A.B.) of O.H.I.P., and may be charged directly to patients.

For the surgery portion of this schedule, physicians submitting claims in coded form should add to the code numbers, the suffix A if they perform the procedure, the suffix B if they have assisted at the surgery or the suffix C if they have administered the anaesthetic.

For those diagnostic and/or therapeutic procedures which have the technical and professional components listed separately, but under the same code, the suffix A should be added to the code numbers when both components are being claimed, the suffix B when only the technical component is being claimed, or the suffix C when only the professional component is being claimed.

Where separate codes are listed for the technical or the professional components, the suffix A should be used.

For diagnostic radiology, only one code is listed for each service, even though some of these services may be provided by non-certified radiologists. The code for services rendered by non-certified radiologists should be obtained by increasing the first digit in the listed codes by 5. Thus, for example, the code for the service listed as X001 but rendered by a non-certified radiologist would be X501 plus the appropriate suffix.

17. **General Listings:** include the basic listings for consultations, assessments and other visits wherever they are rendered, except for non-emergency services to hospital or long-term care institution in-patients and for care rendered by a physician on duty in an emergency department. These latter services are listed separately in the Schedule.

A visit rendered to a patient in a rest home, lodge, detoxification centre, half-way house, or other institution not covered elsewhere in the Schedule, should be claimed under the General Listings.

PREAMBLE

18. **Non-Emergency Hospital In-Patient Services:** include the listings for consultations and other visits to registered bed patients.

- (a) The general assessment, general re-assessment, specific assessment or specific re-assessment rendered in conjunction with a patient's admission to hospital is considered to be the hospital "admission assessment". Such assessments may not be claimed more than once during a hospital admission even if a patient's care subsequently is transferred to another physician. Moreover, such assessments may not be claimed by a consultant who also is claiming a consultation in conjunction with the patient's admission to hospital. Such consultation by the admitting physician serves as the admission history and examination.
- (b) Subsequent routine visits should be claimed as "subsequent visits (minor assessments)". Claims for daily hospital visits must not be made unless a physician actually visits the patient each day. Prior to the weekly and monthly limitations that apply after a patient has been in hospital for 5 weeks (6 weeks for paediatricians), payments for hospital visits generally are limited to one per patient per day. For acute illnesses or exacerbation of original illness requiring additional visits before or after 5 weeks of hospitalization, claims for extra visits should be made on an independent consideration basis. **In the case of a protracted terminal illness, additional hospital visits rendered, will be accepted on an independent consideration basis for a maximum of 4 weeks.**
- (c) When a patient in hospital is referred by one physician to another, the second physician will not be limited by the Subsequent Hospital Visit formula for the number of hospital visits already rendered by the first physician. In other words, the second physician is entitled to claim for his visits up to five weeks just as if the patient was being attended to in hospital for the first time. However, if the patient is transferred to the care of another physician, the Subsequent Hospital Visit formula would apply just as it would if only one physician was involved in the care.
- (d) When a physician already is in the hospital and is asked to assess one of his own in-patients on a non-emergent or emergent basis, the subsequent hospital visit listings apply. However, if he is asked to assess another physician's patient on an emergent basis, the General Listings should be used.

19. **Emergency Department — Physician on Duty Services:** include the listings for minor and multiple systems assessment and the specific premiums applicable to the services rendered by the physician on duty. A physician on duty in the Emergency Department regardless of his specialty should submit claims under these listings. A physician who is not on duty in the Emergency Department should use the General Listings when seeing patients in the emergency or out-patient departments. See Appendix C for further guidelines to claiming for services rendered in the Emergency Department.

20. **Long-Term Institutional Care:** includes the listings for consultations, assessments and other visits to patients in chronic care hospitals, convalescent hospitals, nursing homes and other institutions in which such patients are covered by extended care legislation.

Admission assessments to long term care institutions are classified as —

Type 1 — applies when the admitting physician has not performed a consultation, general assessment or general re-assessment prior to admission and when he carries out a general assessment (on admission) and provides a report for the medical record.

Type 2 — applies when the admitting physician has performed **and claimed** a consultation, general assessment or general re-assessment prior to admission, makes an initial visit and records an admission note describing the condition of the patient following admission.

When a physician already is in the institution and is asked to assess one of his own in-patients

PREAMBLE

on a non-emergent or an emergent basis, the subsequent visit listings apply. However, if he is asked to assess another physician's patient on an emergency basis, the General Listings should be used.

21. Subsequent visits to Long Term Care Institutions: include the supervisory care as well as the active treatment of acute intercurrent illness when the physician is already in the Long Term Care Institution. The supervisory care component includes discussion with the patient and/or family examination, and also includes, as required, discussion with the nurse, a chart review and annotation of the chart. When acute intercurrent illness requires a special visit, the appropriate fees under General Listings and Premiums will apply.

22. Visit for Procedure: when the sole reason for an office visit is the performance of a certain procedure, the listed benefit for the procedure will apply. (See Diagnostic and Therapeutic Procedures Preamble for exceptions.) When procedures are carried out in the office, emergency or outpatient department on an elective basis, a special visit should not be claimed in addition to the procedural fee.

When procedure(s) are carried out by a physician's employee(s) under the direct supervision of the physician, the usual claims may be made for procedure(s) which are generally and historically accepted as those which may be carried out by the nurse or other medical assistant in the employ of the physician. "Procedures" in this context do not include such services as assessments, consultations, psychotherapy, counselling, etc. Direct supervision requires that during the procedure the physician be physically present in the office or clinic at which the service is rendered. ** While this does not preclude the physician from being otherwise occupied he should be in personal attendance on enough occasions to ensure that procedures are being performed competently and he must at all times be available immediately to approve, modify or otherwise intervene in a procedure as required in the best interests of the patient.

For physiotherapy procedures performed under direct physician's supervision as detailed above, see Code G467 on Page 105.

23. Premiums:

(a) **Special visit fees chargeable in addition to benefits for services listed under consultations and visits, critical care and injections or infusions.**

- (i) A special visit is one which is initiated by the patient or his representative which requires a physician to travel from one location to another to see a patient(s). That is, when the physician is not already in the office, hospital, institution, patient's home, etc. and is called to make a special trip there to attend a patient, a "special visit" premium may be claimed. The premium(s) for a special visit to the office only applies outside of normal office hours but does apply whether or not the office is in the physician's home.
- (ii) The special visit premiums apply only to emergent or non-elective calls and do not apply to non-referred or transferred obstetrics. The premiums do not apply to visits on regular rounds, and admission assessments of patients who have been admitted to hospital, etc. on an elective basis do not qualify as "special visits", regardless of the time performed.
- (iii) If an institution has arranged to have quarters in the same or in a proximal building in order that a physician will be available to make visits to the institution, particularly at night, these are not considered to be "special visits" to the institution.

**Some procedures may not require the physical presence of a physician for adequate supervision. Exceptions to this requirement of direct supervision may be made upon recommendation of the Ontario Medical Association and the College of Physicians and Surgeons of Ontario.

PREAMBLE

When services are rendered on an emergency basis at a site other than listed in this schedule (e.g. roadside, ski slope, etc), the special visit premiums are applicable.

If a physician is called to pronounce a patient dead, a minor assessment may be claimed along with the appropriate surcharge for the special visit.

- (iv) An emergency call with sacrifice of office hours may be claimed in a situation where the demands of the patient and/or the physician's interpretation of the patient's condition is such that the physician responds immediately at the sacrifice of regular office hours.
- (v) A special visit at night or on a Saturday, Sunday or holiday may be claimed when non-elective or emergent calls are made between the hours of 5.00 pm and 7:00 am or are received and made on Saturdays, Sundays and Holidays. "Holidays" are defined for the purpose of this schedule as New Year's Day, Good Friday, Easter Monday, Victoria Day, Dominion Day, Civic Holiday, Labour Day, Thanksgiving, Remembrance Day, Christmas Day and Boxing Day. If any of these holidays fall on a Saturday or Sunday, at the physician's discretion either the Friday before or the Monday following will be recognized as the holiday.
- (vi) Only one special visit premium (daytime; sacrifice of office hours; or nights, Saturdays, Sundays and Holidays) may be claimed for the same patient, same visit, and does not apply to non-referred or transferred obstetrics.
- (vii) The Home Visit premiums apply to emergent or non-elective assessments which are initiated by a call from the patient or his representative. It is recognized, however, that a home visit occasionally may be required because of the patient's medical condition even though the physician has not been called specifically for that visit. For such "elective home visits", the daytime special visit premium B990 is applicable in addition to the appropriate assessment under the General Listings. The Special Visit premiums applicable to nights, Saturdays, Sundays, Holidays or sacrifice of office hours, however, are not appropriate, regardless of the time of the visit.
- (viii) Normally, the "additional patient" premiums are not applicable unless the additional patient himself qualifies for a special visit. Patients who drop in to the office or Emergency Department while the physician is there for reasons other than rendering a special visit at that time do not qualify for any of the special visit premiums. However, extra patients during a home visit or those who drop in to the office or Emergency Department while the physician is there rendering a special visit to another patient also qualify for the "additional patient" premiums if an assessment is rendered.

Extra in-patients seen during a special visit to a hospital or other institution do not qualify for "additional patient" premiums unless the physician has been asked specifically to see these extra patients as well. (See also paragraph 18(d) above.)

Patients seen during "office hours" held at night or on Saturdays, Sundays or Holidays do not qualify for any of the special visit premiums.

- (ix) When no consultation or visit fees are chargeable e.g. for postoperative hospital visits by operating surgeon, the minimum premiums for special visits apply for additional patients seen during a special visit. Minimum premiums also apply to additional patients seen requiring critical care (excluding Respiratory Care and Neonatal Intensive Care), Injections or Infusions.

PREAMBLE

When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410).

These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician. However, a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

PREAMBLE

These premiums are not chargeable (during or after a "shift") by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

****Major Invasive Procedures are considered to be the following:**

G211	G267	G280	G292	G304	G330	G380	R833	R851
G246	G268	G285	G293	G323	G331	G398	R840	R852

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to physicians on duty in the emergency department nor to procedures listed in the Diagnostic Radiology, Nuclear Medicine or Diagnostic Ultrasound sections of the Schedule.

(xix) Non-elective Nuclear Medicine, Diagnostic Radiology, Laboratory Medicine or Diagnostic Ultrasound Examinations.

C109 For special visits, evening (5:00 p.m. to midnight) or before midnight, Saturdays, Sundays or Holidays to perform examinations listed in the Nuclear Medicine, Diagnostic Radiology, Laboratory Medicine or Diagnostic Ultrasound sections of the Schedule, a premium of ~~\$23.65~~ may be added to the benefit for the first examination performed on any one patient or may be claimed alone if it is decided that the procedure is not medically indicated and a consultation is not rendered.

C110 For such special visits commencing between midnight and 7:00 a.m., the applicable premium is ~~\$35.40~~

(xx) Assistants' services —

E400BFor all cases commencing after 5:00 p.m. and before midnight or before midnight on Saturdays, Sundays and Holidays, the total benefit for assistant units (basic and time) is increased by 30%.

For cases requiring a special visit to the hospital, an additional premium of ~~\$37.00~~(C998C) during the 30 % premium period and ~~\$7.40~~(C999C) during the 50 % premium period may be charged to the first patient treated on each special visit.

PREAMBLE

(b) **Special Care Unit (e.g. I.C.U. or C.C.U.) —**

C101 For each patient seen on visit to I.C.U. or C.C.U. (excluding supportive care), add ~~\$5.90~~ to charges for all such visits.

Note: Where visit is not chargeable,

e.g. post operative care by surgeon, claim only C101

(excluding Supportive Care, Respiratory Care and Neonatal Intensive Care)

24. Detention: benefits may be applicable for detention when under very exceptional circumstances a physician is required to spend considerable extra time with a patient. Such extra time must be **spent in active treatment of the patient**, and it must be to the exclusion of all other work.

Claims for detention must be substantiated by an explanation on the claim card or in an accompanying letter, and should be made on an "I.C." basis according to the following guidelines:

After twenty minutes if the physician spends more than this amount of time providing a minor, **partial** or intermediate assessment or subsequent hospital visit;

After forty minutes if the physician spends more than this amount of time providing a specific or general re-assessment or multiple systems assessment or certification of mental illness;

After one hour if the physician spends more than this amount of time providing a consultation, limited consultation, repeat consultation, prenatal consultation, specific or general assessment.

Detention is not meant to apply to procedures nor to obstetrical care and does not include time waiting for X-rays, lab reports, the operating room or for the patient to arrive for assessment or treatment.

K001 Detention, per quarter hour or part thereof **\$ 14.20**

K101 Detention, while in attendance with patient(s)

in ambulance, per quarter hour or part thereof **\$ 23.65**

Note: K101 is not applicable to attendance in a vehicle other than an Ambulance.

25. Independent Consideration — "I.C.": independent consideration will be given by O.H.I.P. for those items in the Schedule of Benefits which are listed as I.C.. Claims rendered under this heading must include a specific charge along with a detailed explanation of that charge. Where pertinent, an operative report or Consultation report is very helpful in rendering independent consideration. It also is helpful if I.C. claims include a comparison of the scope and difficulty of the procedure with other specific procedures listed in the Schedule.

26. Transferral and Referral:

(a) A referral takes place when one physician requests for his patient the services of another. The services of the latter may consist of:

(i) an opinion (i.e. a consultation)

(ii) diagnostic tests or procedures (e.g. skin test, biopsy, etc.)

Note: In such cases the referring physician continues to treat the case himself.

(iii) treatment (surgical or medical).

PREAMBLE

The referring physician's O.H.I.P. registration number must be included on the claim submission.

- (b) **A transferral**, as distinguished from a referral, takes place where the responsibility for the care of the patient is completely transferred permanently or temporarily, from one physician to another in the same field or specialty (e.g. where the first physician is leaving temporarily on holidays and unable to continue to treat the case). The physician to whom the patient is transferred should be regarded as substituting for the other physician and is not entitled to claim for a consultation. Physicians who are substituting for other physicians should consider that patients of the latter have been temporarily transferred (not referred) to their care. Where the care of the patient involves a benefit containing several components such as surgery the physicians may consider the surgical benefit a team benefit and decide among themselves how each is to be compensated; traditionally physicians in these circumstances have reciprocated by exchanges of coverage for each other. When physicians routinely or frequently substitute for each other providing hospital visits to registered bed patients in active treatment hospitals, e.g. weekend coverage or daily rounds by various members of a group, the most responsible physician may claim for all the visits.

27. Most Responsible Physician: is the attending physician who is primarily responsible for the day to day care of the patient in hospital. In cases of unusual severity where the consultant assumes the role of the most responsible physician, the consultant may claim on a per visit basis and the family physician may claim supportive care. Where the family physician remains the most responsible physician and requests only a consultation, the family physician may claim on a per visit basis and the consultant may claim for a consultation only.

28. Concurrent Care: when the family physician remains the most responsible physician but because of the seriousness or complexity of the condition, requests continued directive care by a consultant, the family physician may claim on a per visit basis. The consultant also may claim on a per visit basis, not to exceed four such claims during the first week of concurrent care and not to exceed two such claims each week thereafter while the patient's condition remains serious — this arrangement being agreeable to both physicians.

29. Multidisciplinary Care: applies when the complexity of the medical condition requires the services of several physicians in different disciplines. In such cases, each physician should render a separate claim on a per visit basis. This does not refer to a situation where a single benefit for a team of physicians is listed in the Schedule.

30. Supportive Care: is the care rendered in hospital by the referring physician, who is not actively treating the case (e.g. writing orders), to a patient under the care of another physician, at the desire of the patient or family, for purposes of liaison or reassurance. The physician may claim for this care on a per visit basis, not to exceed four such claims during the first week of supportive care (**determined by the date of the first supportive care visit**) and not to exceed two such claims each week thereafter. If medical complications develop or are present in the post-operative period which require active management by the referring physician, claims for hospital medical care should be rendered, not supportive post-operative care.

31. Long Term Terminal Cases in Hospital: applies to one designated physician responsible for the care of a terminally ill patient. Terminal care will be deemed to start when care is directed to maintaining the comfort and emotional well being of the patient and non aggressive treatment of the underlying disease process. For visits rendered to the terminally ill patient, see Preamble, Section B, paragraph 18 (b).

PREAMBLE

32. **Specialist:** a specialist shall be defined (for purposes of application in the case of any given service within this Schedule) as one who holds a certificate from the Royal College of Physicians and Surgeons of Canada in the specialty which normally is considered to encompass the service in question.

A specialist rendering services outside of his specialty should use the codes and tariffs listed in the General Practice section of the Schedule

33. **Differential Benefits:**

- (a) Where only one **procedural** benefit is listed, it shall apply to any physician rendering the service, regardless of specialty.
- (b) **Specialists providing primary care in general practice may claim the appropriate visit fees as defined in the Preamble listed under the heading Family Practice and Practice in General. Certain other non specialist services such as counselling and interviews are under the same heading for the use of any physician providing such services.**
- (c) Specialists in paediatrics who practice allergy may claim specialist rates for their allergy services regardless of the age of their patients.

34. **Referring Physician's Services:**

- (a) For the services rendered prior to an operation, the referring physician should claim on a "fee-for-service basis", for example:
 - (i) Home, Office or Hospital Visits as rendered.
 - (ii) In addition to (i) above, in acute cases, benefits may be claimed for detention if applicable and appropriate (refer to paragraph 24, above).
- (b)
 - (i) For services rendered as an assistant during the operation, the referring physician should claim in accordance with paragraph 35, below.
 - (ii) In cases in which the referring physician is required to be present in the interest of the patient but does not actually assist at the surgical procedure, he should claim a hospital visit for this service.
- (c) For the services rendered after the operation, the referring physician may claim on the basis of supportive care as outlined in the Schedule.

35. **Assistants' Services:**

- (a) Time units are computed by allowing one unit (~~\$7.14~~ **\$7.19**) for each 15 minutes or part thereof of time (up to two hours) spent by the assistant. Time units for assistants' services for periods in excess of two hours per case are computed by allowing two units for each 15 minutes or part thereof. Time for purposes of these calculations includes scrub time and time spent in the operating room. If claims are being made in coded form (see Preamble, part B, paragraph 16), the suffix B should be added to the code for the procedure.
- (b) The basic units should be listed separately from the time units on the claim card. Benefits for assistants' services are determined by multiplying the listed basic units and the time units by ~~\$7.14~~ **\$7.19**. For all cases commencing after 5:00 p.m. and before midnight or on all Saturdays, Sundays and Holidays, the total benefit for assistant units (basic and time) is increased by 30% (**E400B**). For all cases commencing after midnight and before 7:00 a.m., the total benefit for assistant units is increased by 50% (**E401B**).

PREAMBLE

- (c) When a physician is required to make a special visit to the hospital to assist at surgery, he may charge a special visit premium (C998B) ~~\$3.70~~ for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays or Holidays; (C999B) ~~\$ 7.40~~ for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to E400B and E401B premiums but apply only to the first patient treated on each special visit.
 - (d) When multiple or bilateral surgical procedures are done during the same anaesthetic, the assistant's benefits shall be based on the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the assistant shall be entitled to receive full assistant's benefits for each procedure.
 - (e) In surgical procedures requiring more than one assistant, benefits for the second assistant shall be computed on the same basis as for the first assistant.
Each claim for second assistant should be accompanied by a statement from the operating surgeon confirming the necessity for his/her services.
 - (f) When a surgeon requires an assistant at a procedure for which no assistant's units are listed, the assistant may calculate the total benefits applicable by taking the number of basic units used by the anaesthetist, adding his time units and multiplying the total number of units by ~~\$ 7.19~~ (See also (g) below.)
 - (g) When assistants at surgery claim for procedures for which no assistants' units have actually been listed in the Schedule, the assistants should support their claims with a **statement of explanation from the surgeon, confirming the medical necessity for their attendance.**
 - (h) Where the attendance of a physician is requested by the patient's other medical attendants for the sole purpose of monitoring or special supportive care, and when the physician is in constant attendance, the benefits shall be based upon 3 units plus time (E003B).
 - (i) When an anaesthetic has begun and the operation is cancelled prior to commencement of surgery, the assistant who has scrubbed but is not required to do more, should claim 3 basic units plus time units (E006B). If the operation is cancelled after surgery has commenced, the procedural basic unit plus time units will apply. If the procedure is cancelled prior to the induction of anaesthesia and the assistant is scrubbed, a subsequent hospital visit only may be claimed.
36. **Anaesthetists' Services:**
- (a) Benefits for anaesthetists' services are for all types of anaesthesia. The rates listed are for professional services, including pre-anaesthetic evaluation and post-anaesthetic follow-up and all immediate supportive measures, and does not include the cost of materials used. If an anaesthetist is asked by a physician to see a registered bed patient in consultation more than 36 hours prior to the administration of an anaesthetic, he may claim for a consultation as well as for rendering the anaesthetic. (This consultation is not a substitute for the pre-anaesthetic evaluation.) If an anaesthetist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia,

PREAMBLE

he may claim a subsequent hospital visit for this service. When an anaesthetic has begun and the operation is cancelled due to a complication prior to the commencement of surgery, the anaesthetist should claim 4 basic units plus time (E006C). If the operation is cancelled after surgery has commenced, the procedural basic units plus time units will apply.

- (b) Basic units are listed for most procedures and include the value of all anaesthetic services except the actual time spent administering the anaesthesia, any modifying factors, or unusual detention with the patient (see paragraph 24, 36(1) below).
- (c) Except during maintenance of continuous conduction anaesthesia (G247 pg 100, P015 pg 109), time units are computed by allowing one unit for each 15 minutes or part thereof of anaesthesia time (up to two hours). Following the first two hours of anaesthesia, time units for periods in excess of two hours are computed by allowing two units for each 15 minutes or part thereof. Anaesthesia time begins when the anaesthetist is first in attendance with the patient for the purposes of creating the anaesthetic state and ends when he is no longer in personal attendance (when the patient may be safely placed under customary post-operative supervision).
- (d) Time units and listed basic units should be indicated separately on the claim card. Benefits for anaesthetists' services are determined by multiplying the basic and the time units by \$8.18 for certified anaesthetists and \$7.55 for non-certified anaesthetists. For cases commencing after 5:00 p.m. and before midnight or before midnight on Saturdays, Sundays and Holidays, the total benefit for anaesthetic units (basic and time) is increased by 30% (E400C). For cases commencing after midnight and before 7:00 a.m., the total benefit for anaesthetic units is increased by 50% (E401C).
- (e) When a physician is required to make a special visit to the hospital to administer an anaesthetic, he may charge a special visit premium of \$3.70 (C998C) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, or \$7.40 (C999C) for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to E400C and E401C premiums, but only apply to the first patient treated on each special visit.

If claims are being made in coded form (see Preamble, part B, paragraph 16) the suffix C should be added to the code for the procedure.

- (f) In special cases where the anaesthetic services of more than one anaesthetist are deemed necessary in the interest of the patient the benefits shall be increased by 50% of that computed for the procedure; each anaesthetist to be entitled to one half of the total benefit.
- (g) When multiple or bilateral surgical procedures are done during the same anaesthetic, the anaesthetic benefits shall be based upon the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the anaesthetist shall be entitled to receive full anaesthetic benefits for each procedure.
- (h) In procedures where no units are listed or with I.C., the basic units will be based upon those listed for a comparable procedure considering region and modifying conditions or techniques.

PREAMBLE

- (i) When a pump with or without an oxygenator and with or without hypothermia is employed in conjunction with an anaesthetic, the anaesthetic "Basic" will be 28 units; this replaces the listed basic units for the procedure. To compensate for variations in anaesthetic practice, special respiratory intensive care or detention for the purpose of intensive treatment of other types may be claimed separately under the appropriate headings.
- (j) An additional 10 units may be claimed when, in association with anaesthesia, "controlled hypotension" is carried out using any technique to deliberately lower and maintain the mean blood pressure at least 25% below the range or normal for that patient. The extra 10 units may be claimed under code E004C.
- (k) When unusual detention with the patient before or after anaesthesia is essential for the safety and welfare of such patient, the necessary time will be valued on the same basis as indicated for the anaesthetic time.
- (l) For detention not associated with anaesthesia detention rates and criteria apply (see paragraph 24 above).
- (m) When the attendance of the anaesthetist is requested by the patient's other medical attendants for the purpose of monitoring or special supportive care, and when the anaesthetist is in constant attendance the benefits shall be based upon 3 units plus time. If claims are coded, the code is E003C.
- (n) No additional claim should be made for introducing a catheter for continuous conduction anaesthesia, i.e. above the basic of 5 units plus maintenance units to a maximum of 6 units plus the number of time units required for the **final** delivery

When hospital visit(s) is rendered for maintenance and/or supervision of continuous conduction anaesthesia or analgesia (after 5 p.m. but before midnight) an additional 30% (E402A) may be claimed with that visit (G247). When a maintenance and/or supervision visit occurs after midnight and before 7 a.m. an additional 50% may be claimed (E403A) with G247.

- (o) When a physician administers an anaesthetic and/or other medication prior to or during a procedure(s) and also performs a procedure(s) on the same patient, he should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal or iliohypogastric block in addition to performing a procedure, he may charge ~~\$7.40 (G224)~~ in addition to the fee for the procedure.
- (p) When hypothermia is used by the anaesthetist in procedures not specifically identified as requiring hypothermia, the basic value is 25 units. This basic value replaces the basic value listed in the Schedule for the procedure. When the basic value claimed is 25 units, the anaesthetic service may be claimed under code E002C.
- (q) When one anaesthetist starts a procedure and is replaced by another part way through a surgical procedure or delivery, the first anaesthetist should claim the appropriate basic units plus time units and the second anaesthetist may claim for time units only. The second anaesthetist should use code E005C for such time units except in the case of continuous conduction anaesthesia; in the latter case, hospital visits apply (see para 36(n)).

PREAMBLE

E005C qualifies for the surcharge E400C or E401C only if the case originally started within the time stated under paragraph 36(f) above. Each anaesthetist should state on his claim card which part of the anaesthetic is being claimed and the time begun and completed.

- (r) General anaesthesia for the purposes of this Schedule includes all forms of anaesthesia except local infiltration.

PREAMBLE

APPENDIX C

"EMERGENCY DEPARTMENT" CLAIMS

PHYSICIAN ON DUTY

The listings under the heading "Emergency Department—Physician on Duty" are meant to apply only to those circumstances wherein either **emergency** or other physicians have elected **or** are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

When the Physician on Duty is required or elects to remain at the hospital, the special call surcharge will not apply. Use the "Emergency Department — Physician on Duty" listings for all physicians regardless of specialty.

When an **emergency physician** is required to make a special visit to the Emergency Department prior to or after his regular arranged designated period of time on duty, he may claim the appropriate benefit under the General Listings plus the applicable special visit premium for the first patient assessed; all subsequent patients assessed during this visit to the hospital should be claimed under the Emergency Department—Physician on Duty listings.

When a physician is on duty in the Emergency Department, sees a patient and admits the patient to hospital, this physician may claim a minor or multiple systems assessment depending upon the service initially provided. Either the patient's attending physician or the emergency department physician (but not both) may render and claim the hospital "admission assessment". If the emergency department physician instead of the attending physician provides the admission general assessment, he may claim a general re-assessment (C004) as well as the initial assessment provided that both services are rendered separately.

SPECIAL VISIT TO EMERGENCY OR O.P.D.

Consultation

1. Consultation, patient not admitted:
The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) may be claimed.
2. Consultation, patient admitted:
 - (a) The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) followed by hospital visits (if rendered) may be claimed. However, if the consultant also is the "most responsible physician", he may not also claim a hospital in-patient consultation, repeat consultation, general or specific assessment, general or specific reassessment since the initial consultation rendered in the emergency department serves as the admission assessment.
 - (b) If the consultant is not also the most responsible physician, the latter may claim the appropriate admission assessment.

PREAMBLE**APPENDIX C – Cont'd****Assessment:**

1. **Assessment, patient not admitted —**
The benefit for the assessment (or re-assessment) plus the appropriate special visit surcharge (K99-) may be claimed.
2. **General/specific assessment plus patient admission —**
The benefit for the general or specific assessment plus the appropriate special visit surcharge (K99-) followed by hospital visits may be claimed. However, the admitting physician may not also claim a hospital in-patient general/specific assessment or reassessment since the initial general/specific assessment rendered in the emergency department serves as the admission.
3. **Minor/intermediate assessment plus patient admission —**
The benefit for the minor or intermediate assessment plus the appropriate special visit surcharge (K99-) may be claimed. In addition, the admitting physician may claim for a hospital in-patient general or specific reassessment if rendered.

Procedure:

Except for procedures for which the listed benefits specifically include the associated consultation or other assessment, claims may be made for both the procedure and the assessment.

Note:

If a physician has an office in the hospital and is called to assess a patient in the Emergency Department or O.P.D., the special visit premiums do not apply.

PREAMBLE

APPENDIX D

1. Surgery to alleviate significant physical symptoms or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is a benefit under The Ontario Health Insurance Plan. Surgery solely to alter or restore appearance is not a benefit of OHIP except under the circumstances as listed in the following policy.
2. Emotional, psychological or psychiatric grounds are not considered sufficient reason for OHIP coverage of surgery for alteration of appearance except under exceptional circumstances. On request of the attending physician, exceptions may be made on an independent consideration basis if the proposed surgery is to alter a significant defect in appearance caused by disease, trauma or congenital deformity, *and* if the surgery is
 - recommended by a Mental Health Facility (as designated by The Mental Hospitals Act) or equivalent, or
 - recommended by a Correctional Institution, or
 - essential in order to obtain employment as documented by the attending physician *and* either by a Canada Manpower Employment Centre or by an employer with regard to a specific job, or
 - performed on a patient who is less than 18 years of age and the defect is in area of the body which normally and usually would not be clothed.
3. In establishing this policy, it has been recognized that
 - peer acceptance in our society often is influenced disproportionately by the facies,
 - children are especially susceptible to emotional trauma caused by physical appearances,
 - some procedures traditionally have been accepted as benefits of Health Insurance Plans in spite of the obvious cosmetic nature of these procedures.
4. Surgery to revise or remove features of physical appearance which are familial in nature is not a benefit of OHIP.
5. Within the context of this policy, the word “disease” does not include the normal sequelae of aging. Surgery to alter changes in appearance caused by aging is not a benefit of OHIP.
6. Within the context of this policy, the word “trauma” includes trauma due to treatment such as surgery, radiation, etc.
7. The phrase “reasonable period of convalescence” admittedly is imprecise, but it does not seem reasonable to set a definite time interval of convalescence following each procedure. Independent consideration will be given to the questionable cases.
8. Authorization from OHIP is not required for all surgery to alter appearance. It is required only for those categories of procedures for which some cases may not be a benefit under OHIP policy.

PREAMBLE**APPENDIX D – Cont'd****Surface Pathology****1. Trauma Scars****(a) Neck or Face**

- Includes ears and non-hair bearing areas of the scalp.
- Repair of all such scars is a benefit of OHIP.
- Repair procedures will depend upon the lesion but may include excision, revision, dermabrasion, etc. Rhytidectomy procedures to remove scar prominence, however, are not a benefit of OHIP.
- OHIP authorization for repair of such scars is not required but manual assessment of the claims will be necessary to ensure that the most appropriate procedure codes are used.

(b) Scars in other Anatomical Areas

- Repair of scars which interfere with function or which are significantly symptomatic (pain, local irritation, etc.) is a benefit of OHIP.
- Scars with no significant symptoms or functional interference
 - (i) Repair is a benefit if such repair is part of a pre-planned post-traumatic (including post-surgical) staged process. OHIP notification must be included as part of the planning process.
 - (ii) Other post-traumatic scar revision is not a benefit of OHIP.
- OHIP authorization is required for all scar repair procedures in areas other than the face or neck.

2. Keloids**(a) Head or Neck**

- The repair of all such keloids is a benefit of OHIP.
- Repair procedures may include excision and/or injection.
- Although no pre-authorization is needed, claims for excision of keloids are assessed manually to ensure that the most appropriate code is used.

(b) Excision of keloids in other areas

- Not a benefit of OHIP unless significantly symptomatic or there is functional impairment.
- OHIP authorization is required.

3. Tattoos**(a) Face or Neck**

- Excision or destruction of all such tattoos is a benefit of OHIP.
- Authorization is not required but adjudication of repair procedures will be identical to that for scars in these areas.

(b) Other Anatomical Areas

- Excision or destruction of concentration camp or P.O.W. tattoos is a benefit of OHIP. Otherwise, normally not a benefit of OHIP.

PREAMBLE**APPENDIX D – Cont'd**

4. **Benign lesions such as naevi, keratoses, spider naevi, papillomata, neurofibromata**
 - (a) **Face or Neck**
 - Excision or destruction of these lesions is a benefit of OHIP.
 - Authorization is not required.
 - (b) **Other Anatomical Areas**
 - Normally not a benefit of OHIP if removed for alteration of appearance, only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
 - Removal of very large lesions in patients less than 18 years of age is a benefit of OHIP.
 - Authorization is not required but a statement of the reason for removal must accompany the claim.
5. **Hair Loss**
 - (a) **Head or Neck**
 - (i) **Patients less than 18 years of age**
 - Repair is a benefit for non-hereditary etiologies.
 - Authorization is not required. However, if it is possible that a planned staged procedure will extend beyond the age limit, pre-authorization should be obtained, since it will be necessary after the 18th birthday.
 - (ii) **Post-traumatic**
 - Repair to the area of traumatic hair loss is a benefit of OHIP only if carried out within a reasonable period of convalescence.
 - OHIP authorization is required.
 - (iii) **Other Etiology**
 - Not a benefit of OHIP.
 - (iv) **Usual repair procedures may include skin shifts or flaps, skin grafts, or hair plugs.**
 - (b) **Other Anatomical Areas**
 - Not a benefit of OHIP.
6. **Epilation of Hair**
 - (a) **Face**
 - This procedure is a benefit of OHIP only for those patients with documented endocrine abnormality or drug-induced hirsutism.
 - (b) **Other Anatomical Areas**
 - Not a benefit of OHIP.
 - (c) **—OHIP authorization is required.**

PREAMBLE**APPENDIX D – Cont'd****7. Redundant Skin**

- (a) Excision of redundant skin for elimination of wrinkles, etc. is not a benefit of OHIP.
- (b) Blepharoplasty is not a benefit of OHIP unless there is documented evidence of medical necessity such as visual field defect caused by the redundant eyelid skin.
- (c) OHIP authorization is required.

Sub-Surface Pathology**1. Congenital deformities****(a) Head or Neck**

—Repair is a benefit of OHIP except for:

—surgery to revise or remove features which are familial in nature.

—surgery to correct “outstanding ears” in patients who are eighteen years of age or over.

—Authorization is not required but manual assessment of the claims will be necessary to ensure that the most appropriate procedural codes are used.

(b) Other Anatomical Areas

—Normally not a benefit of OHIP if surgery is for alteration of appearance only.

2. Post-Traumatic Deformities

—Reconstructive procedures are a benefit at the acute stage; within a reasonable period of convalescence; or if part of a pre-planned staged process of repair.

—Repair of procedures may include bone revision, tissue shifts and grafts, prosthesis implantation, etc.

—OHIP authorization is required for repairs beyond the acute stage.

3. Deformities resulting from local disease

(such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)

(a) Head or Neck

—Reconstructive procedures for significant abnormalities are a benefit at the acute stage; during a chronic disease process; within a reasonable period of convalescence; or if part of a planned staged process of repair initiated during one of these periods.

—Repair procedures normally could include tissue grafts, flaps or shifts, bone revision, prosthesis insertion, etc.

—Face lifts, modified face lifts, brow lifts, etc. are not a benefit of the Plan if skin, only, is involved in the procedure. However, a repair such as ptosis repair or face lift with underlying slings is a benefit of OHIP if the procedure is to correct significant deformity following stroke, cancer, VIIth nerve palsy, etc.

—OHIP authorization is required for repair of deformities resulting from local disease.

PREAMBLE**APPENDIX D – Cont'd****(b) Other Anatomical Areas**

—Not a benefit of OHIP if the correction is for appearance, only.

4. Breast Surgery**(a) Augmentation Mammoplasty**

—This procedure is a benefit of OHIP unilaterally or bilaterally for a female patient with breast aplasia.

—It is an OHIP benefit unilaterally for a female patient with a severely hypoplastic breast when the other breast is not also hypoplastic.

—A “balancing” augmentation mammoplasty may be allowed on an independent consideration basis for correction of unilateral hypoplasia when performed in association with approved contralateral reduction mammoplasty.

—The correct code for the repair procedure is R112.

—OHIP authorization is required.

(b) Post-Mastectomy Reconstruction

—Unilateral or bilateral breast reconstruction is a benefit of OHIP when the procedure is subsequent to, as listed in the Schedule of Benefits, total or partial mastectomy (including wedge resection) or prophylactic mastectomy.

—Authorization is not required but all claims are manually assessed to determine the benefit appropriate to the procedure rendered.

(c) Reduction Mammoplasty

—**Reduction Mammoplasty** is a benefit for female patients only, where there is significant associated symptomatology such as intertrigo, neck or back pain or shoulder grooving. Ptosis and/or size are not sufficient grounds for OHIP coverage of reduction mammoplasty

—Unilateral Reduction Mammoplasty may be a benefit of the Plan if there is gross disproportion present, or in association with approved unilateral augmentation mammoplasty or post mastectomy reconstruction of the contralateral breast.

—OHIP authorization is required.

(d) Male Mastectomy

—This procedure is a benefit of the Plan.

—The appropriate code for the procedure is R115 or R116.

—Authorization is not required.

(e) Accessory breasts or accessory nipples

—Excision of such accessory tissue is a benefit of the Plan.

—The appropriate code should be used from the Schedule listings under Skin and Subcutaneous tissue.

—Authorization is not required.

PREAMBLE**APPENDIX D – Cont'd****5. Excision of excess fatty tissue**

- This is a benefit of the Plan only if there is significant associated symptomatology such as intertrigo, pain or excoriations.
- When performed for alteration of appearance, the removal of redundant skin and fat, from the abdomen, extremities, etc. is not a benefit of the Plan.
- OHIP authorization is required.

Sex-Reassignment Surgery

- (1) Sex-reassignment surgical procedures are a benefit of OHIP only if they are performed on patients who have completed the Gender Identity Clinic program operated by the Clarke Institute of Psychiatry in Toronto. Moreover, claims are accepted for payment only for those patients for whom the Clinic has recommended that surgery take place. This surgery need not take place in Toronto or even in Ontario. Surgery recommended by the Clinic which takes place outside the Province of Ontario may be approved for payment at rates in accordance with the current OHIP Schedule of Benefits.
- (2) Within the foregoing guidelines, reconstruction of genitalia and mastectomy are benefits of the Plan. However, since the hormonal treatments associated with sex-reassignment themselves give rise to breast enlargement, augmentation mammoplasty or breast reconstruction in a male to female conversion normally would not be a benefit of OHIP, in keeping with the previously outlined policy regarding breast surgery in females.
- (3) OHIP authorization is required.

Complications and/or Revisions

- (1) The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is a benefit of the Plan whether or not the original surgery was covered by OHIP. This includes complications resulting from trans-sexual surgery (such as breakdown of the artificial vaginal wall). No authorization is required.
- (2) Revision of surgery for alteration of appearance, because of undesirable results, is a benefit of the Plan if the original surgery was a benefit *and* if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. Correction of the effects on appearance which are due to complications, is a benefit of the Plan if it is carried out within a reasonable period of convalescence. OHIP authorization is required only if the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization. For example, authorization would not be required for revision in a 16-year-old of a repaired congenital ear deformity. However, if the child is 18 years or older at the time of the revision, authorization would be required.

PREAMBLE**APPENDIX E****REGULATIONS FOR EMPLOYMENT OF A LOCUM TENENS****A Locum Tenens**

- (a) Must replace the employing physician, who must be absent from the practice.
- (b) Must replace the employing physician for a continuous period up to a maximum of 12 weeks, with an extension on request for a further 6 weeks.
- (c) Must be the same specialty as the employing physician.
- (d) Must be licensed by the College of Physicians and Surgeons of Ontario in a category of licence that allows him or her to practice independently without supervision.

Prior notification must be given to OHIP of the name and OHIP physician number and/or licence number of the locum tenens and the exact dates of employment, together with an authorization from the locum tenens to make payment for his or her services to the employer.

If these conditions are met, the locum tenens may sign the employing physician's claim cards.

If any of the above conditions are **not** met, the physician involved must submit claims to OHIP on his or her own claim cards.

NUCLEAR MEDICINE — IN VIVO

Column T — is the technical benefit for the production of records, radiopharmaceutical agents, apparatus, premises, technical services, administration and secretarial services.

Column P₁ — is the professional benefit for supervision of the procedure, appropriate patient interview and/or examination, correlation of related data, interpretation of results, and provision of a written report. **The physician need not be continuously present in the nuclear medicine department or private facility while the procedures are being carried out but must be physically present frequently enough to carry out the appropriate patient interview and/or examination and approve, modify or intervene in the procedures as required.**

Column P₂ — is the professional benefit for interpretation of results and provision of a written report. If the physician **does not meet the criteria for P₁** or if any visit is claimed in conjunction with that Nuclear Medicine procedure, the lesser professional benefit (P₂) should be claimed.

Notes: (1) The total benefit is arrived at by adding T plus P₁ (first code listed, e.g. Z006) or by adding T plus P₂ (second code listed, e.g. Z925).

When coding the total benefit use suffix A

When coding the technical portion only use suffix B

When coding the professional portion only use suffix C.

(2) If quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit. Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit.

For services for which this additional 30% is appropriate the correct code prefix is Y instead of Z. For example for Arteriography plus data manipulation, the appropriate codes are Y006/Y925 instead of Z006/Z925.

The benefits for cardiac wall motion studies and calculation of ventricular ejection fraction (Z010 and Z012) already include an allowance for data manipulation. Additional benefits may be claimed **only when additional cardiac quantifications are performed i.e. stroke volume ratio and volume response curves and/or phase analysis.**

(3) If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (T and P₁ or P₂) is to be reduced by 50% (use codes Z036/Z957, Z041/Z935, Z080/Z990 respectively).

(4) Repeat studies on the same day may be claimed only after exercise or drug intervention.

(5) The phrase "nuclear medicine specialist" should be interpreted as "nuclear medicine physician", since not all physicians practising nuclear medicine are certified as specialists in this discipline by the Royal College of Physicians and Surgeons.

(6) See also Preamble, part B, paragraph 1(h), 1(i) and 1(j).

RADIATION ONCOLOGY (THERAPEUTIC RADIOLOGY)

Code	RADIOTHERAPY (including Therapeutic Isotopes)	\$
	The listed benefits are for the professional services of a certified therapeutic radiologist, the services of a specialist for the intracavitary or interstitial application of radium or sealed sources and the services of a specialist using non-sealed sources of radioisotopes in a laboratory authorized by the Atomic Energy Control Board of Canada. Other medical services to the patient are not included in these figures. The cost of material is additional.	

TELERADIO THERAPY

Note: Paid only to a certified therapeutic radiologist, (Spec. code 34).
The fee for all inpatient services is a hospital charge.

X301	Major treatment planning (150 KVP or higher), dosage calculation and preparation of any special treatment device	43.30

DIAGNOSTIC RADIOLOGY

Column T — The benefit for radiological examination including the production of radiographs, supplying of contrast media, apparatus; premises, technical services, administration and collection costs.

Column P — The benefit for consultation between radiologist and referring physician, fluoroscopy, interpretation of radiographs and fluoroscopic findings and supervision of x-ray services by a radiologist.

From 1980 to 1982 OHIP paid a surcharge on the technical fees to private radiology clinics in recognition of the increase in film cost.

Hospital out-patient technical fees will be paid at 91.45% of the technical fee listed in the Schedule of Benefits.

Notes and Interpretations:

1. Private offices and hospital outpatient departments will claim the sum of Columns T plus P.

2. Radiologists should use Column P as a guideline for negotiating remuneration with hospitals.

3. Benefits for clinical procedures related to x-ray examination are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. "Clinical Procedures", in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.

4. If less than the minimum number of views are performed, reduce listed benefits by 25% (this reduction applies to both technical and professional component). If more than the minimum number of views are performed, no further benefit is applicable unless specifically listed.

5. If the examinations which are requested by the referring physician yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient, governed by the needs of the patient and the requirements of the referring physician, the radiologist may add further views and claim for them (if listed).

6. Claims for X-ray services, when referred by an Osteopath, Chiropodist or Chiropractor to a private X-ray facility are not benefits of O.H.I.P.

7. Claims for X-ray services, when referred by an Osteopath or Chiropractor to a hospital outpatient department are benefits.

8. Coding

—When coding the total benefit use suffix A.

—When coding the technical portion only use suffix B.

—When coding the professional portion only use suffix C.

—When coding claims from certified radiologists (33) use the listed codes (i.e. X001-X230) plus the appropriate suffix.

—When coding claims from non-certified radiologists increase the first numerical digit in the listed codes by 5 (i.e. X501-X730) plus the appropriate suffix.

9. When a radiologist is asked to x-ray one extremity only, no additional claim should be made for comparison x-rays initiated by the radiologist.

10. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.

11. A stereo pair is to be counted as two views.

DIAGNOSTIC RADIOLOGY

12. No extra claim should be made for rapid sequence I.V.P.

13. No additional claim is warranted for the use of the image intensifier in diagnostic radiology.

14. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where "fluoroscopy" is generally regarded as an integral part of the examination, e.g. examinations of the G.I. tract, urinary tract, special procedures.

15. "Colon — air contrast" may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained after fluoroscopically controlled introduction of air and barium.

16. "Oesophagus, stomach and duodenum, double contrast" presupposes the introduction of gas, the use of antifoam agent and a suitable barium mixture.

17. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examinations.

18. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.

19. Chest studies should not be routinely done and claimed in mammography cases.

20. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination requests.

21. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.

22. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should determine which examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.

23. Conventional films of the spine should not be routinely done and claimed before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they had been done at an outside office, then it is a matter for the radiologist and the referring physician to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required examination of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.

24. Pharynx and oesophagus (cine or videotape) — X106 should not be claimed routinely with X108 and X109 but only when specifically indicated.

25. Lumbar or lumbosacral spine (X028,) does not include the entire sacrum. However, an examination of the sacrum may be carried out and claimed only when specifically indicated.

26. A maximum of two computed tomography examinations per patient, per day, may be claimed.

27. The listed benefits apply to unilateral examinations except for central structures or as otherwise specified.

CLINICAL PROCEDURES ASSOCIATED WITH
DIAGNOSTIC RADIOLOGICAL EXAMINATIONS

- Note:**
- 1. These procedural benefits are intended to cover compensation for the professional service of placing an instrument and, if done, of introducing contrast media (except oral or rectal administration for study of the alimentary tract). Injection of materials to enhance the effect of contrast media is included in the procedure benefits.
 - 2. Radiological charges are additional: see similar entries under section on RADIOLOGY.
 - 3. Where similar procedures are done for diagnostic physiological studies of non-radiological nature, e.g. cardiac catheterization or intra-arterial infusion, they are listed separately under Surgery or Diagnostic and Therapeutic Procedures. See Index.

DIAGNOSTIC AND THERAPEUTIC PROCEDURES

Code With a few exceptions specifically indicated below, the listed procedural benefits are for the procedure(s) alone.
Consultations or visits when such services are rendered, may be claimed in addition to the procedure(s).

G700 When a procedure(s) is the sole reason for a visit, add ~~\$3.70~~ per patient visit for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, if the patient visit is to a physician's office or a diagnostic facility controlled directly or indirectly by a physician who has examined (or is about to examine) the patient and referred the patient to such a diagnostic facility, G700 may not be claimed under these circumstances.

Note: G700 is not payable to a hospital department.

Schedule Interpretations:

1. Urinalysis and other diagnostic tests, listed on page 99 in the Diagnostic and Therapeutic Section of the Schedule of Benefits when performed by a physician, with or without an associated visit to the physician's office, should be claimed exclusively from these listings. Similar services listed in the Laboratory Medicine Section of the Schedule are to be claimed by licensed laboratories only.

2. Some benefits for Diagnostic and Therapeutic Procedures have the technical and professional components listed separately. However, when only one benefit is listed for a service, it represents the professional component only. The technical component includes the salaries of support staff, equipment depreciation or lease costs, supplies and costs associated with the preparation of a written report. The professional component includes the clinical supervision of the diagnostic facility, interpretation of the test results and a written report.

3. The Preamble applicable to Surgical Procedures also applies, where appropriate, to Diagnostic and Therapeutic Procedures.

ALLERGY

Note: If, in addition to the allergy injection, the patient requires a minor assessment only of his allergic condition, the physician may claim for code G212 only. However, if a patient requires a more complete assessment of his condition or if a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or some other unrelated condition any of which would have otherwise required a separate office visit, the physician is entitled to claim for the appropriate assessment as well as the injection.

OBSTETRICS

1. Obstetrical care is divided into its components. A prenatal **major** assessment **when performed** may be claimed and shall comprise a full history, an inquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record, and advice to the patient. Subsequent prenatal visits shall comprise the necessary history and inquiry, examination, appropriate record, pregnancy related counselling and advice to the patient. Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then monthly visits to 32 weeks, followed by visits every 2nd week to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour — delivery and postpartum care are listed separately.

2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment fee may be charged by the second physician, followed by prenatal visit fees. **This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour.** If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim for a consultation in addition to the prenatal visit benefits.

3. Illnesses resulting from or associated with pregnancy or false labour requiring added home or hospital care should be claimed on a per visit basis.

4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine scheduled prenatal visits, the physician may charge the appropriate visit benefit.

5. The listings under heading Referred Services may be claimed by the consultant **physician** in addition to the appropriate consultation or visit benefit. They may not be claimed by physicians providing obstetrical care to their own patients.

6. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim a consultation benefit for this (these) service(s).

7. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s) and does not qualify for detention benefits.

8. The listings for "Attendance at labour and attendance at delivery" and for "Attendance at delivery" may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.

9. Ordinary immediate care of the newborn is included in the labour-delivery benefit and, when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. Active resuscitation of the newborn provided by any physician may be claimed under codes G521, G522 (Life Threatening Emergency Situation).

10. When a physician provides newborn care and also performs a circumcision on the same newborn or infant, both services may be claimed.

11. When an obstetrician routinely *transfers* all newborns to the care of another physician, the latter should not claim consultation benefits for these "transferrals". If the baby is well, the physician may claim the newborn care in hospital benefit plus code H267 (page 53), attendance at maternal delivery (if this service is given). If the baby is sick, the physician may claim for a general assessment and for attendance at maternal delivery (if this service is given) plus daily visits for as long as his/her services are required. If an obstetrician normally cares for

OBSTETRICS

newborns himself or transfers the care of newborns to a general or family physician but refers a newborn to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for his service according to the following guidelines:

- (a) If attendance at maternal delivery is rendered, code H267 may be claimed and, if a general assessment of the baby is carried out, code C263 may be claimed as well. However a post-natal consultation on the baby (C265) may not be claimed in addition to H267.
- (b) If a paediatrician has not attended the delivery, a post-natal consultation may be claimed (if this service is rendered) even though a pre-natal consultation may already have been claimed.

12. When a physician provides prenatal visits, attends labour, assists or administers the anaesthetic at Caesarean Section and visits the patient post-operatively, he is entitled to claim for prenatal visits, attendance at labour assistant's or anaesthetist's benefits for Caesarean Section, and postoperative supportive care while the patient is in hospital.

13. Physicians may claim for assisted breech delivery (P020) when the service includes spontaneous delivery to the umbilicus, with extraction of the shoulders, arms and after coming head.

14. The Preamble applicable to Surgical Procedures also applies to obstetricians, where appropriate.

15. The premiums applicable to Obstetrics are as follows: When **deliveries and other obstetrical procedures done in continuity with the delivery** commence after 5:00 p.m. and before midnight or on Saturday, Sundays and Holidays, increase the procedural fee(s) by 20% (E409). When time of delivery occurs after midnight and before 7:00 a.m. any night during the week, increase the fee for delivery and other obstetrical procedures done in continuity with the delivery by 50% (E410). These premiums are not chargeable in addition to the obstetrical procedural fee(s) if labour is induced by medical and/or surgical means by the same physician. However, a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

SURGICAL PROCEDURES

Preamble:

FOR DEFINITION OF THE ROLE OF THE REFERRING PHYSICIAN, SEE REFERRING PHYSICIAN SERVICES ON PAGE

FOR DEFINITION OF THE ROLES OF THE ANAESTHETIST, SEE ANAESTHETIST SERVICES ON PAGE

- (1) The surgical benefit (except for fractures or dislocations requiring no reduction and other procedures either marked "I.O.P." or including complete care) includes hospital visits rendered by the surgeon two days prior to surgery, the operative procedure, the post-operative care usually associated with the procedure(s) rendered by the surgeon while the patient is in hospital, and one office visit for follow-up examination, if necessary. If the surgeon is required to provide listed services not usually associated with the procedure(s), he may claim for these. If special visits to hospital are required and rendered, the surgeon may claim the appropriate special visit premium even if the basic hospital visits are not chargeable.

The surgical benefit as noted above does not include the major pre-operative visit (e.g. consultation, general assessment, etc.) at which the decision to operate is made, regardless of the time interval between the major pre-operative visit and the surgery. The hospital or day-surgery admission assessment (consultation, repeat consultation, general assessment or re-assessment, specific assessment or re-assessment) may not be claimed by the surgeon unless it happens also to be the major pre-operative visit as defined above. Visits rendered prior to admission (excluding admission assessments) and hospital visits (minor assessments) rendered prior to two days before the surgery may be claimed in addition to the surgical benefit. For patients remaining in hospital because of complications, visit benefits may be claimed in addition to the surgical benefit after **eight weeks of hospitalization in the case of fractures and dislocations and after the second post-operative week for other procedures**. The starting point for calculating the appropriate number of hospital visits allowed in accordance with the Schedule after the second **or eighth** post-operative week is the date of admission if the operating surgeon has admitted the patient or the date of referral if the patient has been referred to the operating surgeon while in hospital.

The listed surgical benefit includes the generally accepted surgical components of the procedure. The listed benefit of a procedure normally also includes any necessary repair of iatrogenic damage occurring during the course of the surgery.

- (2) When a physician makes a special trip to perform a non-elective surgical procedure during the daytime (Monday to Friday), he may claim the appropriate special visit, a consultation if the case is referred (except for fractures or dislocations requiring no reduction) or the appropriate assessment if the case is not referred plus the procedural benefit(s). When the special visit is to deal with fractures or dislocations requiring no reduction, a minor **or partial** assessment is the appropriate benefit to be added to the special visit and fracture or dislocation benefits. If the non-elective procedure is carried out at night (after 5:00 p.m. and before 7:00 a.m.), or Saturdays, Sundays and Holidays, the physician may claim a special visit applicable to the consultation or assessment and the surgical premium **E409** or **E410** (see Preamble, Part B, paragraph 23).
- (3) When more than one operative procedure (non-I.O.P.) is performed by the same surgeon at the same time and/or under the same anaesthetic or **within 14 days** during the same hospitalization for the same condition, the benefit shall be the full benefit for the major

SURGICAL PROCEDURES

procedure plus 85% of the listed benefit(s) for additional procedures, unless otherwise indicated in the Schedule and except where such combined operations are independently specified as items in this Schedule. This paragraph applies to staged procedures and to each side of bilateral procedures, but does not apply in the case where a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made (see also OHIP Bulletin #4122, July 3, 1979).

- (4) When a subsequent operation(s) becomes necessary for the same condition because of a complication, the full benefit will apply for each procedure.
- (5) When a subsequent non-elective operation(s) is performed for a new condition, the full benefit will apply for each procedure.

When a subsequent elective procedure is done for a different condition **within 14 days** during the same hospitalization **by the same surgeon**, the benefit for the lesser procedure shall be reduced by 15% unless performed by another surgeon in which case the full benefit will apply.

- (6) When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistants' units should not be claimed by either operating surgeon; however time units may be claimed when appropriate.
- (7) As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should claim for the surgical procedures and the other surgeon should claim the assistant's benefit.
- (8) Where two surgeons are working together in surgery in which neither a team benefit nor other method of claiming is set out in the schedule, the surgeon should identify himself as the operating surgeon and claim accordingly; the surgeon who is assisting him should identify himself as such and claim the assistant's benefit. Where the second or assistant surgeon is brought into the case on a consultation basis, he may, when indicated, claim a consultation as well but should be prepared to justify it on an I.C. basis. If the nature or complexity of a procedure requires more than one operating surgeon each providing a separate service in his own specialized field, each surgeon may claim the full listed benefit for the procedure he performs. This, however, does not apply to those cases wherein an additional surgeon(s) is involved simply because he may be more skillful at carrying out a procedure which the first surgeon normally should be able to do. Neither does it apply to those cases wherein one or more additional surgeons perform components of a main procedure for which there is a listed combined tariff. For the latter two circumstances, the first portion of this paragraph pertains and the additional surgeon(s) may claim assistant's benefits only, along with consultation and visits if appropriate. If a surgeon, in addition to performing a specialized portion of the procedure, acts as an assistant during the remainder of the procedure, he may also claim time units (but not basic units) for assisting.
- (9) Unless otherwise stated, the listed procedural benefits are for unilateral procedures.
- (10) When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the schedule.
- (11) For fractures and dislocations requiring no reduction and for other procedures which include complete care, when the listed benefit is less than the consultation benefit and the case is referred, the physician may claim for the consultation instead of the surgical benefit.

SURGICAL PROCEDURES

However, to avoid the consultation being counted as such under the OHIP limitation rules on the number of consultations allowed per year, the physician should claim for the consultation under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.

- (12) If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician may claim for the procedure as well as for the appropriate assessment.
- (13) Where a procedure is specified as "Independent Operative Procedure (I.O.P.)", the procedural benefit may be claimed in full. In addition, visit benefits, consultations etc. may be claimed when both services are actually rendered. When an I.O.P. procedure is done in conjunction with non-I.O.P. procedure(s), no claim may be made for the consultation, pre- and post-operative care related to the I.O.P. procedure. The listed I.O.P. benefit may be claimed in these circumstances along with the benefits for the non-I.O.P. procedure(s) and the related major pre-operative visit in accordance with paragraph (1) of this Preamble. When multiple or bilateral I.O.P. procedures are performed at the same time by the same physician, the listed procedural benefits may be claimed in full but the pre- and post-operative benefits should be claimed as if only one procedure had been performed. **When a patient is examined in a physician's office and this leads to an elective Independent Operative Procedure (I.O.P.) being performed for the same problem or diagnosis by the same physician in the Emergency or Outpatient Department on a non-admission basis, the physician should claim a consultation or visit fee for the examination in the office and the fee for the I.O.P. carried out in the Emergency or Outpatient Department. An additional assessment fee at the time of the elective I.O.P. should only be claimed when an additional assessment is performed.**
- (14) When procedures are specifically listed under Surgical Procedures, physicians should use these listings rather than applying one of the plastic surgery benefits listed under operations on skin and subcutaneous tissue.
- (15) For excision of tumours not specifically listed in this Schedule, claims should be made on an I.C. basis (code R993). Independent consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the Schedule (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of time and difficulty (see Preamble, Part B, paragraph 25).
Independent consideration also will be given (under code R991) to out-of-Province claims for generally accepted surgical procedures which are not available in Ontario, for which a patient has been referred by an Ontario physician and for which prior approval from OHIP has been obtained. (See OHIP Bulletin #4148)
- (16) **Cosmetic or Aesthetic Surgery:** means a service to enhance appearance without being medically necessary such as surgery for correction of facial wrinkles, surgery for eyelid wrinkles (symmetrical and without a functional problem), rhinoplasty for appearances only, etc. These services are not benefits of OHIP. (See Preamble, Appendix A).
- (17) **Reconstructive Surgery:** is surgery to improve normal appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional,

SURGICAL PROCEDURES

psychological or psychiatric grounds normally are not considered sufficient additional reason for OHIP coverage of such surgery.

Appendix D of the Preamble to this Schedule describes the conditions under which surgery for alteration of appearance, only, may be a benefit of the Plan.

Physicians should submit requests to their District OHIP office for authorization of any proposed surgery which may fall outside of OHIP coverage. Among those procedures for which requests *must* be submitted before the procedure is performed are:

- (a) augmentation mammoplasty (excluding post-mastectomy breast reconstruction)
- (b) blepharoplasty
- (c) dermabrasion (excluding face and neck)
- (d) epilation of hair
- (e) face lift
- (f) hair transplant
- (g) panniculectomy, lipectomy
- (h) reduction mammoplasty
- (i) rhinoplasty or septorhinoplasty
- (j) scar revision (excluding face and neck)
- (k) sex-reassignment surgery
- (l) tattoo removal (excluding face and neck)

Requests for authorization of proposed surgery should identify the medical necessity of the surgery. Moreover, since it is the procedure for which the authorization request is being made, it must be adequately described and accurately related to the condition it is intended to alleviate.

Note that when a surgical procedure is not a benefit of the Plan, the associated anaesthetist's charges, assistant's charges and hospital costs normally also are excluded from OHIP coverage.

- (18) Procedural benefits (non I.O.P.) include the removal of sutures where both services are rendered by the same physician unless the removal of sutures is done after one office visit for follow up examination has already been provided. If sutures are removed subsequent to the first post-operative office visit, or if they are removed by a physician other than the operating surgeon, or following an I.O.P. procedure, "visit fees" apply.
- (19) Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity may be given independent consideration.
- (20) When a procedure is performed for which only "local anaesthetic" and/or "general anaesthetic" listings appear, and an anaesthetic is not required, the procedure should be claimed under the "local anaesthetic" listing. When a physician administers an anaesthetic and/or other medication prior to or during a procedure(s) and also performs a procedure(s) on the same patient, he should claim for the procedure(s) only.
- (21) If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.

- Notes:**
- (1) The benefits for Z176, Z178 include the use of sutures, local anaesthetic, tetanus toxoid and routine observation until the sutures have been removed.
 - (2) With the accord of the Ontario Medical Association, the following guidelines are suggested to assist in the determination of an appropriate charge to submit for independent consideration under Code Z178 for suture of skin lacerations:
 - (i) The suturing of most simple lacerations smaller than approximately 4 cm in length should be coded as Z176 (plus E542 if applicable) and claimed accordingly.
 - (ii) The suturing of other lacerations should be claimed under code Z178 (plus E542 if applicable) on an Independent Consideration basis according to the following guidelines:
 - (a) The stated benefits are for suturing the laceration only; the appropriate consultation or visits may be claimed in addition.
 - (b) Simple lacerations with a length of 4 cm or more, but less than approximately 8 cm 25.20
 - (c) Lacerations in difficult area (e.g. lip, eyelid, eyebrow, corner of eye, etc.) or which are deep such that they require tying off bleeders and/or closure in layers (i.e. subcutaneous and cutaneous) 25.20
 - (d) Lacerations involving components of both (b) and (c) 50.40
 - (e) Lacerations requiring extensive debridement, add 50%.
 - (f) A combination of 2 or 3 lacerations falling within the foregoing guidelines would require individual assessment of each laceration. e.g.: for the suturing of a 6.5 cm scalp laceration requiring tying off bleeders and/or layer closure, a 2.5 cm cheek laceration and 1 cm laceration through the mucocutaneous border of the lip, the benefit claimed could be calculated as follows:

Scalp (d)	\$	50.40
Cheek (Z176)		10.30
Lip (c)		25.20
Total (Z178)	\$	85.90

(plus the appropriate consultation and visit benefits)
 - (g) More complicated lacerations should be compared in scope and difficulty with other similar services which have definitive benefits listed in the Schedule.
 - 3. In every case, claims for Z178 should be accompanied by sufficient description of the procedure rendered and an explanation of the charges submitted (see Preamble, Part B, paragraph 25).

SURGICAL PROCEDURES

OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

Preamble

- (1) Corrective splints must be "corrective" to qualify for benefits. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or a metal finger splint following soft tissue injury.
- (2) The removal of a wire or pin or other device when used for traction or external fixation (**except for the Hoffman apparatus**) in the treatment of a fracture or other orthopaedic procedure is to be included in procedural fee. Removal of devices used for internal fixation may be charged for in addition to the procedural fee.
- (3) The fee for total hip replacement also includes denervation of the hip joint and adductor tenotomy.
- (4) The fee for obtaining a bone graft is not chargeable in cases of pseudarthrosis repair, fusions or for listings in which bone grafting is included.
- (5) **For the supervision of limb fitting and 6 months post-operative care following amputation, charge visit benefits. Amputation with immediate fitting to include supervision of final limb fitting — add 40 % (E586).**

Fractures and Dislocations:

- (a) The fracture or dislocation fees for services requiring no reduction include the major pre-operative visit. For fractures or dislocations requiring open or closed reduction, the major pre-operative visit i.e. consultation or appropriate assessment may be charged in addition to the listed fees for open or closed reductions.
- (b) **OPEN REDUCTION** shall mean the treatment of a fracture or dislocation by an operative procedure to expose the fracture, or closed intra-medullary fixation, and includes internal or rigid external skeletal fixation except in spinal fractures.
- (c) **CLOSED REDUCTION** shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).
- (d) **NO REDUCTION** shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support.
- (e) The stated fee covers full or after treatment **up to 8 weeks** except if additional reductions are necessary or if patient is transferred to another surgeon or if the patient is paraplegic.
- (f) In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the fee for the other fractures or dislocations 85%. When no procedural fee is applicable, but when that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit fee will apply in addition to other procedural fees.
- (g) For repeat reductions (closed or open) for the same fracture or dislocation the full benefit should be claimed for the final reduction and after care — previous reductions by the same surgeon should be claimed at 85%.
- (h) **Emergency splinting of fractures in the emergency department should be on the basis of the appropriate visit fee, plus application of cast if appropriate.**

SURGICAL PROCEDURES

OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

- (i) Transferred cases —
 - (1) When patients are transferred to a chronic or convalescent facility, additional visit fees on a chronic care basis shall be allowed to other than the operating surgeon (and also to the surgeon after 8 weeks)
 - (2) When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should charge 75% of the listed fee and the surgeon rendering subsequent care visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.
- (j) Paraplegia associated with fractures and dislocations may be billed by charging visit fees after the first 2 weeks of post-operative care in addition to the appropriate procedural fees.
- (k) **Pseudarthrosis may be allowed as the appropriate billing fee after the fracture is 4 months old.**
- (l) For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation fee, the consultation fee may be billed in place of the fracture/dislocation code.

O. Reg. 790/83, s. 2.

3. Section 47 of the said Regulation is revoked and the following substituted therefor:

47.—(1) Except as provided in this section, the provisions of this Regulation relating to the care and treatment of an extended care resident shall not apply while an extended care resident is temporarily absent from the extended care unit on a casual leave of absence, medical leave of absence, extended medical leave of absence, or vacation leave of absence in accordance with this section.

(2) Where an extended care resident intends to take a casual leave of absence or a vacation leave of absence the administrator shall ensure that before the leave is taken,

(b) the attending physician referred to in clause (a) sets out in writing the proposed duration of the leave and the care required to be given to the resident during the leave;

(c) the administrator receives a written undertaking from the resident or, where the resident is not in the opinion of the administrator competent of fulfilling an undertaking, the administrator receives a written undertaking from a person nineteen years of age or over who the administrator believes is capable of fulfilling the undertaking, that sets out that the person giving the undertaking will,

- (i) take all reasonable steps to ensure the care required to be given to the resident is received by the resident,

 - (b) the attending physician referred to in clause (a) has arranged for the admittance of the resident to a hospital;
 - (c) the next-of-kin or legal representative of the resident has been notified at least twenty-four hours prior to the leave being taken or where circumstances do not permit twenty-four hours notice, as soon as possible; and
 - (d) accommodation will be available for the resident in the extended care unit when the resident returns from the leave.
- (4) Where an extended care resident takes a medical leave of absence the administrator shall ensure that contact is maintained with the hospital to which the resident has been admitted to determine whether the resident will be returning to the extended care unit before or at the end of the medical leave of absence.
- (5) Where an administrator is informed by a physician attending an extended care resident who is on medical leave of absence that in the opinion of the physician the resident requires an extended stay in a hospital but will be capable of returning to the extended care unit on or before fourteen days from the date of commencement of the medical leave of absence, the administrator shall consider the resident to be on an extended medical leave of absence and shall ensure that accommodation is available for the resident in the extended care unit when the resident returns from the leave.
- (6) Where an extended care resident is considered to be on an extended medical leave of absence the administrator shall ensure that contact is maintained with the hospital to which the resident has been admitted to determine whether the resident will be

returning to the extended care unit before or at the end of the extended medical leave of absence.

(7) Where an administrator is informed by a physician attending an extended care resident who is on a medical leave of absence or who is considered to be on an extended medical leave of absence that in the opinion of the physician the resident will be unable to return to the extended care unit within the fourteen days referred to in subsection (5) but that the resident will be returning to the extended care unit after the fourteen days and the resident agrees in writing to make the payments necessary to ensure that accommodation in the extended care unit will be available to him upon his return, the administrator shall ensure that accommodation is available for the resident when the resident returns to the extended care unit and, in the case of a resident who is on a medical leave of absence, consider the resident to be on an extended medical leave of absence.

(8) Where an administrator is informed by a physician attending an extended care resident on a medical leave of absence or an extended medical leave of absence that the resident will not be returning to the extended care unit, the administrator shall, notwithstanding section 48, discharge the resident from the extended care unit.

(9) The necessary payments referred to in subsection (7) shall be payments to the extended care unit in an amount equal to the amount prescribed under the *Health Insurance Act* for services that are insured services under that Act plus an amount equal to the amount prescribed by this Regulation applicable to the extended care resident as co-payments for each day that accommodation is made available to the resident in the extended care unit following the termination of the extended medical leave of absence and where applicable, the amount payable for semi-private or private accommodation.

(10) Where an extended care resident fails to make the necessary payments referred to in subsection (7), the administrator shall, notwithstanding section 48, discharge the resident from the extended care unit as of the date of the last payment made by the resident.

(11) Every administrator shall ensure that each extended care resident in each nursing home that the administrator has charge of is eligible for a vacation leave of absence as follows:

(12) The leaves of absence referred to in paragraphs 1, 2 and 3 of subsection (11) apply only to the calendar years for which they are granted and are not cumulative.

(13) Where a resident is on a medical leave of absence or an extended medical leave of absence from an extended care unit the administrator shall ensure that the number of days used by the resident for the leave is applied first by the resident against the unused portion of the resident's vacation leave of absence for that calendar year.

(14) Every administrator shall keep a record of leaves of absence for each resident in each nursing home that the administrator has charge of in a form provided by the Minister and such record shall be kept for a period of two years from the date of its making. O. Reg. 790/83, s. 3.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 809/83.

Exemption—Ministry of Transportation and Communications—MTC-53.

Made—December 1st, 1983.

Approved—December 1st, 1983.

Filed—December 29th, 1983.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF TRANSPORTATION AND COMMUNICATIONS—MTC-53

Having received a request from the Ministry of Transportation and Communications that:

the Ministry of Transportation and Communications

be exempt pursuant to section 29, from the provisions of the Act which prohibit the Ministry of Transportation and Communications from proceeding with the proposed extension of Highway 89 easterly from Highway 400 to Highway 12, contrary to Condition 9 of the Environmental Assessment Board decision, dated September 14, 1981, as varied by the decision of the Minister of the Environment, dated January 22, 1982 which requires MTC to formally submit an environmental assessment for certain related parts of the proposed highway by December 31st, 1983; and

Having been advised by the Minister of Transportation and Communications that if the environmental assessment for those sections of the proposed highway which were not approved by the Environmental Assessment Board is to be submitted to the Minister of the Environment for approval under the *Environmental Assessment Act* by December 31, 1983, as required by Condition 9, the following injury, damage or interference with the persons and property indicated will occur:

- A. A December 31, 1983 submission date will place inappropriate limitations on the involvement in the study of government agencies, interest groups and members of the public.
- B. The December 31, 1983 submission requirement does not allow the proponent sufficient time to adequately address the numerous concerns raised by external contacts during the course of the study.
- C. The effects of A and B above on the Environmental Assessment Study and its documentation for formal submission under the requirements of the *Environmental Assessment Act* may result in unnecessary delays and difficulties during the formal review process.

Having weighed such injury, damage or interference, against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the Environment which would result from the Ministry of Transportation and Communications being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the Ministry of Transportation and Communications is exempt from the provisions of the Act with respect to the requirements of Condition 9 as set out above for the following reasons:

- A. A reasonable postponement of the submission date is not in conflict with the purpose of the *Environmental Assessment Act*.
- B. It is in the public interest to allow additional time for public input to the study.
- C. The environmental complexity of the study area and the time required to address concerns identified during the course of the study could not have been foreseen at the time the submission date was established.

This exemption is subject to the following terms and conditions:

1. The Ministry of Transportation and Communications shall by July 31, 1984 formally submit an Environmental Assessment to the Minister of the Environment for approval of those sections of the Highway not approved by the Environmental Assessment Board in its decision September 14, 1981, namely, the Keswick Marsh Area and the Madill Segment.
2. This order shall not in any way vary the provisions of the decision of the Environmental Assessment Board dated September 14, 1981 as varied by the decision of the Minister of the Environment dated January 22, 1982, (Order in Council 71/82), save and except with respect to the filing date, for Environmental Assessment submission, which is changed from December 31, 1983 to July 31, 1984. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 810/83.

Exemption—The Corporation of the Village of Drayton—DRAY-V-1.

Made—December 16th, 1983.

Approved—December 16th, 1983.

Filed—December 29th, 1983.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE
VILLAGE OF DRAYTON—DRAY-V-1

Having received a request from The Corporation of the Village of Drayton that an undertaking, namely:

the activity of constructing, operating and maintaining a sanitary sewage works including sanitary sewers for a large area of the Village, stub sewer connections and service connections, a sewage pumping station and forcemain, and sewage treatment works consisting of three waste stabilization ponds with a total surface area of 11.00 hectares, all necessary appurtenances and controls located in the Village of Drayton and in lots 16, 17 and 18, concessions 9 and 10 in the adjoining Township of Maryborough

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Persons living in proposed sewer service areas will be forced to continue to rely on inadequate, antiquated private sewage disposal systems which have a history of malfunctioning.
- B. Village residents could be exposed for a longer period of time to a serious threat to the health and safety because of the potential failure of the existing sewage disposal systems.
- C. The Conestoga River and downstream reservoir will continue to be polluted for a longer period of time in contravention of provincial water quality standards.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent advises that the environmental effects of the construction, operation and maintenance of the sanitary sewage

works are expected to be limited and not adverse.

- B. The proponent advises it has pursued the undertaking diligently for four years at considerable expense to ratepayers but as a result of objections raised and hearings held it is unable to satisfy the time requirements to maintain its exempt status under the Regulations by letting contracts for 25 per cent of the estimated cost prior to the 31st day of December, 1983.
- C. The proponent advises that it has reduced its requirement for farmlands to a minimum and except for the area required for waste stabilization ponds construction impacts in the area would be short term.
- D. The sewage works have already been the subject of a hearing before the Environmental Assessment Board which recommended an approval and, with subsequent variations including those referred to in Reason C, a hearing before a joint board established under the *Consolidated Hearings Act, 1981* which among other matters approved the sewage works.

This exemption is subject to the following terms and conditions:

- 1. This Order does not apply with respect to works which are not constructed by December 31st, 1985.
- 2. Where the undertaking which otherwise would be exempt under this Order, is being carried out or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the undertaking shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this Order.
- 3. Where the undertaking which is the subject of this Order, is being carried out or is part of, another undertaking which is the subject of another Exemption Order under the Act, the undertaking exempt under this Order shall be carried out in accordance with any terms or conditions in the other Exemption Order as well as the conditions in this Order. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 2/84.

Exemption—Ministry of Natural
Resources—MNR-11/7.

Made—December 16th, 1983.

Approved—December 16th, 1983.

Filed—January 4th, 1984.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-11/7

Having received a request from the Minister of Natural Resources that an undertaking, namely:

Forest management by the Ministry of Natural Resources on Crown land presently included within forest management units and associated tree nurseries

be exempt from the application of the Act for an additional period pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The Crown and the public will be interfered with by the delay in planning and implementing of forest management plans which are scheduled to proceed within the period of the exemption.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources will undertake measures to implement public participation in respect to the approval of Forest Management Agreements, Forest Management Plans and Operating Plans, including road plans prescribed by these, and in respect to aerial spraying of pesticides for forest management purposes.
- B. The undertaking is an on-going activity of the Ministry of Natural Resources and is an integral part of the economy of the Province. Since the exemption for this undertaking under Exemption Order MNR 11/6 which

was filed as O. Reg. 417/83, will expire on December 31, 1983, the application of the Act before June 30, 1984 in the absence of an approval under the Act would result in the halting of forest management on Crown land. Therefore, the interference which would be caused would be undue.

- C. The Ministry of Natural Resources has completed a draft of the Environmental Assessment for forest management and has begun a process of public consultation to allow interested parties to provide input to that Environmental Assessment before a formal submission for approval under the Act is made.

This exemption is subject to the following terms and conditions:

1. The Ministry of Natural Resources shall consult the public and Government agencies at an early stage of the preparation of Forest Management Plans and Operating Plans, as well as a minimum of thirty days prior to the proposed plan being approved.
2. The Ministry of Natural Resources shall develop a procedure to solicit, evaluate and respond to input and comments from the public and Government agencies at an early stage of the preparation of Forest Management Plans and Operating Plans for Crown and company management units. This procedure shall be included as part of the Class Environmental Assessment to be submitted for the activity of forest management on Crown land in Ontario for approval under the Act, and will also be incorporated into the forest management planning process.
3. For the period that this exemption order is in force, the Ministry of Natural Resources shall plan primary public forest access roads on Crown Management Units in accordance with the approved Class Environmental Assessment for "Access Roads to MNR Facilities." This procedure shall give emphasis to the identification of alternative road locations and evaluation of the environmental effects of alternatives considered and shall provide a rationale for the alternative road location which is selected.
4. At least 30 days prior to the anticipated aerial spraying of herbicides or insecticides for forest management purposes, the Ministry of Natural Resources shall notify the public, the appropriate Regional Office of the Ministry of the Environment and the Environmental Assessment Branch of the project. During this period a project description shall be made available for public inspection at the appropriate district office of the Ministry of Natural Resources. Where there is a news-

paper or radio or television station serving the area concerned, the public notice shall be in the form of a paid public notice in one or more of such media. An illustrative format which may be used for a printed notice is attached as follows:

Illustrative Format for Public Notice for
Aerial Spraying of Herbicides and
Insecticides

As part of the Ministry of Natural Resources' ongoing program to regenerate and protect our forests, selected stands (specified area) will be sprayed with an (insecticide or herbicide) to control (competing vegetation or name of insect) starting on or about (date).

Further details about this program, including specific locations, are available from the (District, Regional or Main) Office of the Ministry of Natural Resources.

5. The Ministry of Natural Resources shall prepare a letter for each plan prepared pursuant to this exemption and send it to the Director of the Environmental Assessment Branch for inclusion in the Public Record. The letter shall describe:
 - (a) the name of the Forest Management Unit or Forest Management Agreement Area (FMA) for which the plan is being prepared;
 - (b) a map of the Forest Management Unit or FMA covered by the Forest Management Plan; or
a map of the area within the Forest Management Unit or FMA covered by the Operating Plan;
 - (c) the duration of the plan;
 - (d) the date(s) of public notification;
 - (e) the nature of the comments received from the public and other government ministries/agencies; and
 - (f) the proponent's responses to the comments received.

This shall be submitted thirty days prior to approval of the plan.

6. The Ministry of Natural Resources shall provide the Director of the Environmental Assessment Branch with a list of those plans

scheduled for approval during the period of this order, by February 15, 1984. This list shall also identify plans which are under preparation during the period that this exemption is in force but which are scheduled for approval sometime after the expiry date of this order.

7. Where the carrying out of the undertaking requires that some activity for which an Environmental Assessment has been done and an approval to proceed received or an exemption granted, be conducted, that activity is not exempt under this order but shall be carried out in accordance with the Environmental Assessment and approval to proceed, or the conditions of exemption whichever is applicable.
8. This order expires on the earlier date of June 30, 1984 or the granting of an approval under the Act for the forest management undertaking. O. Reg. 2/84.

ASSESSMENT ACT

O. Reg. 15/84.

Equalization of Assessments made under

Section 63 of the Assessment Act.

Made—January 10th, 1984.

Filed—January 11th, 1984.

REGULATION MADE UNDER THE
ASSESSMENT ACTEQUALIZATION OF ASSESSMENTS MADE
UNDER SECTION 63 OF THE ASSESSMENT
ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1983 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1983 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1983 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1983 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1983 against the total assessment for that prescribed class of real property in that municipality.

2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the Act, of the

real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 15/84, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1983 for taxation in the year 1984. O. Reg. 15/84, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 15/84, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 15/84, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

Class 1

Property assessed either,

- (a) as residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

Environmental Assessment Act

NOTICE OF ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for an Enclosed Refuse Transfer Station located at 50 Ingram Drive in the City of North York

Proponent: The Municipality of Metropolitan Toronto

E.A. File No. 1-82-0009-000

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above environmental assessment and/or its review by the Ontario Government, pursuant to the *Notice of Completion of Environmental Assessment Review*, dated September 2, 1983, expired on October 28, 1983. I received no requirements for a hearing by that date. I do not consider it advisable to require the Environmental Assessment Board to hold a hearing at this time.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

I have considered the purpose of the Act, the above environmental assessment and the review, and am of the opinion that the environmental assessment is satisfactory to enable a decision to be made as to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

Accordingly, I accept the environmental assessment.

HEARING

Under section 13 of the Act, before I, or the Environmental Assessment Board, can consider whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions, the proponent or anyone having previously made a submission under subsection 7(2) of the Act on the *Notice of Completion of Environmental Assessment Review* for this undertaking, may require a hearing by the Environmental Assessment Board with respect to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

The proponent has waived his right to a hearing on the approval of the undertaking and no submissions have been made by others under subsection 7(2).

APPROVAL TO PROCEED WITH THE UNDERTAKING

I have considered the purpose of the Act and the environmental assessment of the undertaking as accepted by me.

Accordingly, I hereby give approval to proceed with the undertaking subject to the conditions set out below.

REASONS

The reasons for acceptance of the environmental assessment and for giving approval to proceed with the undertaking are:

- 1. I received no submissions requiring a hearing by the Environmental Assessment Board after giving the *Notice of Completion of Environmental Assessment Review* dated September 2, 1983 and the proponent has waived the right to a hearing on the approval of the undertaking. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be required.
- 2. On the basis of the proponent's environmental assessment and the review process, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.

- 3. No other more beneficial alternative method of implementing the undertaking was identified.
- 4. On the basis of the proponent's environmental assessment, the review process and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

CONDITIONS

- 1. Except as provided by the subsequent condition, the Municipality of Metropolitan Toronto shall comply with all of the provisions of the environmental assessment which are herein incorporated by reference.
- 2. The Municipality of Metropolitan Toronto shall make provisions in the design of the transfer station for the incorporation of positive dust and odour control equipment which is acceptable to the Ministry of the Environment.

Dated at Toronto, this 12th day of January, 1984.

ANDY BRANDT,
Minister of the Environment.

NOTICE

Proposed Electoral District Boundaries

The Ontario Electoral Boundaries Commission, established pursuant to a Resolution of the Legislative Assembly of June 16, 1983, published in No. 42 of the Votes and Proceedings of the Legislative Assembly for the Third Session of the 32nd Parliament, has prepared descriptions of its proposed Ontario Electoral Districts and three maps illustrating the boundaries of these proposed Electoral Districts. The Commission now invites public attention to its proposals.

Pursuant to the aforesaid Resolution, three members were appointed to the Commission on June 24, 1983. The Honourable Mr. Justice Samuel H. S. Hughes, Member of the High Court of Justice for the Province of Ontario, was designated as Chairman of the Commission, and Mr. Warren R. Bailie, Chief Election Officer of Ontario, and Professor J. Neville Thompson, Associate Professor of History at the University of Western Ontario, were appointed members.

The Resolution established terms of reference for the Commission providing, in part, as follows:

That, the Commission shall determine the population of Ontario as nearly as may be ascertained, based on the census of population taken by Statistics Canada in the year 1981, and shall determine the number of Electoral Districts into which Ontario is to be divided, which number shall not be less than the present 125 and not more than 130, provided that the total number of Electoral Districts in that part of Ontario lying North and West of the Southern Boundaries of the present Electoral Districts of Algoma-Manitoulin, Sudbury East and Nipissing shall not be less than 15, but nothing in this paragraph shall preclude the Commission from establishing boundaries of Electoral Districts that extend across or beyond Southern Boundaries of the present Electoral Districts mentioned.

That, for the purpose of the distribution the Commission shall take into account:

- (a) community or diversity of interests;
- (b) means of communication;
- (c) topographical features;
- (d) population trends;
- (e) the varying conditions and requirements regarding representation as between urban and rural Electoral Districts;
- (f) existing boundaries of municipalities or wards thereof;
- (g) the existing and traditional boundaries of Electoral Districts; and
- (h) special geographic considerations, including in particular the sparsity, density or relative rate of growth of population in the various regions of the Province, the accessibility of such regions or the size or shape thereof;

and subject thereto the population quota for each Electoral District shall be based on the average population, but in determining such quota the Commission shall not depart from the average population to a greater extent than 25% more or less, except where, in the opinion of the Commission, any of the above circumstances exist to such an extent that require a greater departure, in which case the Commission may depart from the average population to such greater extent as it considers necessary or desirable.

That, the Commission, before reporting, shall prepare a map with a description of the boundaries of each proposed Electoral District or group of Electoral Districts, and shall invite public attention to the map by publishing a notice in THE ONTARIO GAZETTE, and shall publish the map or parts thereof in newspapers having general circulation in the proposed

Electoral Districts; the notice in THE ONTARIO GAZETTE and the newspapers shall provide for times and places of public sittings by the Commission and shall also provide for the lodging of objections and representations in writing with the Commission before such date as the notice shall provide.

That, the Commission shall hold public sittings for the hearing of representations by those interested parties who have lodged with the Commission written representations and objections in regard to the proposed Electoral Districts and the Commission shall then review its initial proposals in the light of representations received and may make such changes as the Commission deems appropriate.

That, the Commission shall forward to the Speaker its Report upon the Redistribution of Ontario into Electoral Districts and the number of persons residing in each proposed District as nearly as can be ascertained, and the Speaker shall cause the Report to be laid before the Assembly if it is in Session, or if not, at the next ensuing Session.

That, if within a period of fifteen days after the Report is laid before the Assembly, an objection in writing signed by not less than ten Members of the Assembly, in the form of a motion for consideration by the Assembly, is filed with the Clerk of the House, specifying the provisions of the Report objected to and the reasons for the objection, the Assembly shall, within the next fifteen sitting days, or such additional number of days as the Assembly may order, take up the motion and consider the matter of the objection; and, thereafter, the Report shall be referred back to the Commission by the Speaker, together with a copy of the objection and of the Debates of the Assembly with respect thereto for consideration by the Commission, having regard to the objection; within thirty days after the day the Report of the Commission is referred back to it, the Commission shall consider the matter of the objection and shall dispose of such objection and forthwith upon the disposition thereof a certified copy of the Report of the Commission, with or without amendment, shall be returned by the Commission to the Speaker.

That, where no objection has been filed with the Clerk in the manner provided, or the Report has been returned to the Speaker, either with or without amendment, the Commission shall prepare a draft Representation Act in the form of a Bill repealing the Representation Act and embodying its Report, and the draft Bill and a map of each Electoral District shall be presented to the Speaker forthwith and the Speaker shall transmit it to the appropriate Minister.

The Commission proposes the redistribution of Ontario into one hundred and thirty Electoral Districts. Written descriptions of these proposed Electoral Districts may be found in Schedule A to this Notice.

The Commission has prepared three maps illustrating the boundaries of the proposed Electoral Districts. One map has been prepared for each of Northern Ontario, Southern Ontario (excluding Metropolitan Toronto), and Metropolitan Toronto. A copy of each of these three maps may be obtained by written request to:

The Secretary
Ontario Electoral Boundaries Commission
70 Lombard Street
TORONTO, Ontario M5C 1M3

The Commission will hold public sittings for the hearing of representations and objections by interested parties with regard to the proposed Electoral Districts, and has established the following Rules of Procedure to govern the public sittings:

Subject to Rule 6, the Commission will hear representations or objections only from those interested individuals or groups who have signified their intention to make them by lodging written notice with the Commission within 23 calendar days from the date of the publication of this advertisement [in newspapers circulating in the proposed Electoral Districts] and such notice shall state the place and time of the sitting at which they propose to be heard.
5. Representations or objections on behalf of associations or groups shall be made by one person.
6. The Commission in its discretion may receive and consider at any public sitting relevant representations from any Member of the Legislature who appears in person, whether or not the Member has complied with the requirement for notice in Rule 4.
7. If it appears to the Commission that all the relevant representations and objections cannot be made during the time allotted for public sittings in any advertised place, sittings may be adjourned or postponed and the Commission shall give such oral or written public notice of their resumption as it considers adequate in the circumstances.
8. If no notice is lodged in accordance with Rule 4, a sitting may be cancelled at the discretion of the Commission.
9. The notice required by Rule 4 shall be addressed to:

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 34/84.

Exemption—Ministry of Government
Services—MGS-55.

Made—January 18th, 1984.

Approved—January 18th, 1984.

Filed—January 23rd, 1984.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-55

Having received a request from the Minister of Government Services that an undertaking, namely:

The activity of constructing projects contained in the Capital Acceleration Program as funded by BILD and listed in the conditions below, by the Ministry of Government Services,

be exempt from the application of the Act pursuant to Section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministries of Agriculture & Food and Correctional Services will be interfered with, because they urgently require the projects to improve existing inadequate facilities which severely hamper effective and efficient program delivery.
- B. The Public will be interfered with and possibly damaged in that the level of service available and the access to that service is restricted by the existing inadequate accommodations; and
- C. The Crown will be interfered with in that steps to stimulate the Provincial economy by providing funding for accommodation projects at various locations will be delayed unnecessarily if the full process of the Environmental Assessment legislation were to be applied to this undertaking which has insignificant environmental effects.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Minister of Government Services has assured me that the undertaking will not have any significant adverse effect on the environment, based in part, upon the fact that adequate municipal services exist or can be made available at the sites to accommodate the six developments; that zoning at the sites will permit the contemplated uses; and that suitable heritage conservation strategies will be undertaken where circumstances warrant.

The exemption is subject to the following terms and conditions:

1. This exemption order applies only with respect to the following six projects:

- (a) Ministry of Correctional Services
Etobicoke
Metro West Detention Centre
New Addition (Female)
CS-74825
- (b) Ministry of Correctional Services
Burritts Rapids
Rideau Correctional Centre
New Accommodation

- (c) Ministry of Correctional Services
Jail—New Addition

- (d) Ministry of Correctional Services

- (e) Ministry of Agriculture & Food
Kemptville
Display Arena
AF-74827
- (f) Ministry of Agriculture & Food
Brighton
Vet. Lab.
AF-74828

2. Where an activity that would otherwise be exempt under this order is being carried out in connection with, or as part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this Order but shall be carried out in accordance with the approval to proceed.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 35/84.

Exemption—Ministry of Government
Services—MGS-54.

Made—January 18th, 1984.

Approved—January 18th, 1984.

Filed—January 23rd, 1984.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-54

Having received a request from the Minister of Government Services that an undertaking, namely:

The activity of construction of an addition at the Dufferin County Building, 51 Zina Street, Orangeville;

be exempt from the application of the Act pursuant to Section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Government Services will be interfered with in that an environmental assessment would have to be prepared for an undertaking with insignificant environmental impacts.
- B. The Ministry of Government Services' client, the Ministry of the Attorney General would be interfered with in that the existing Courts urgently require improved service facilities for their administration of the justice program.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Minister of Government Services has assured me that the undertaking will not have any significant adverse effect on the environment, based in part, upon the fact that adequate municipal services exist at the site, the zoning permits the proposed use and the existing heritage features will be preserved.

The exemption is subject to the following terms and conditions:

1. Where an activity that would otherwise be exempt under this order is being carried out in connection with, or as part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this Order but shall be carried out in accordance with the approval to proceed.

REGULATION MADE UNDER THE
EDUCATION ACTCALCULATION OF FEES FOR
PUPILS

1.—(1) In this Regulation,

(a) the following terms, in respect of the calculation of fees for pupils for a year, have the same meaning as they have in the regulation entitled, "General Legislative Grants" applicable to that year,

- (i) "continuing education A.D.E. for grant purposes",
- (ii) "current cost of operating",
- (iii) "elementary school pupil",
- (iv) "eligible sum for French as a first language",
- (v) "eligible sum for French as a second language",
- (vi) "non-resident pupil",
- (vii) "O.E.",
- (viii) "P.A.C.",
- (ix) "R.O.E.",
- (x) "resident-external pupil",
- (xi) "resident-internal pupil",

except that in respect of a board appointed under section 70 of the Act, "current cost of operating" does not include current expenditure for furniture and equipment and for debt charges;

- (b) "A.D.E." means average daily enrolment calculated under Regulation 256 of Revised Regulations of Ontario, 1980;
- (c) "technological studies" means the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading "Technological

Studies" in circular H.S.1 or in the circular entitled "Ontario Schools Intermediate and Senior Divisions Program and Diploma Requirements", issued by the Ministry.

(2) Where a board of education provides instruction for one or more pupils in respect of whom fees are receivable, the fees shall be calculated under this Regulation as if the board of education were a public school board and a secondary school board. O. Reg. 42/84, s. 1.

2.—(1) Subject to subsection (2) and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board, from Canada, or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians, or where the board provides instruction for a pupil who is in Canada as a visitor or as a student under the *Immigration Act, 1976* (Canada), the fees for a year in which it provides the instruction shall be calculated by,

- (a) subtracting from the current cost of operating for the year of the board that provides the instruction, the grant payable to such board in respect of the eligible sum for French as a first language and for French as a second language for that year for the board, and dividing the difference so obtained by the sum of,
 - (i) the A.D.E. for the year in respect of enrolment of resident-internal and non-resident pupils of the board in day schools, classroom instruction in driver education, and summer school courses for which credit is granted or is a summer school course of study acceptable to the Minister that the board is authorized or required to provide in its day school program in grades 1 to 8 or in a school or class for trainable retarded pupils, and
 - (ii) the continuing education A.D.E. for grant purposes of the board for the year; and
- (b) multiplying the A.D.E. for the year of the pupils whose fees are receivable from the other board, from Canada or other previously described source, as the case may be, by the sum of,
 - (i) the amount determined under clause (a), and
 - (ii) except where the board that provides the instruction is a board appointed under section 70 of the Act, the P.A.C. for such pupils.

(2) Where a board has entered into an agreement under subsection 165 (2) of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the P.A.C. for each such pupil shall, notwithstanding subclause 1 (1) (a) (viii), be deemed to be zero. O. Reg. 42/84, s. 2.

3. Where a board appointed under section 70 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

(a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the general legislative grants payable to the board for such year except a grant that is equal to the cost of education;

(b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and

(c) multiplying the amount determined under clause (b) by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 42/84, s. 3.

4. Where a board, except a board appointed under section 70 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada or from a band, council of a band, or education authority authorized by the Crown in right of Canada to provide education for Indians, and the parent or guardian of the pupil is resident in Ontario, the fees payable on behalf of the pupil shall be such as the board may prescribe except that in the case of each of a public school board, a separate school board and a secondary school board, the total fees charged, in respect of a year,

(a) to a parent or guardian who is not resident in a school section, separate school zone or secondary school district, in respect of his or her children or wards who attend the board's schools, shall not exceed \$52.50 per month during which such children or wards are enrolled at the board's schools; and

(b) in the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, shall not exceed, in respect of each month the pupil is enrolled, the greater of,

(i) \$52.50, and

(ii) one-tenth of the sum of,

(A) the quotient obtained by dividing,

I. the board's estimate of the excess of its O.E. for the year over its R.O.E. for the year,

by,

II. the A.D.E. of the board for the year that is in respect of resident-internal pupils of the board,

and,

(B) the P.A.C.,

except that where the pupil is enrolled in a high cost program as defined in section 6, such greater amount may be increased by an amount which takes into account the additional cost to the board of providing such program. O. Reg. 42/84, s. 4.

5. Where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, except a pupil who is in Canada as a visitor or as a student under the *Immigration Act, 1976* (Canada), the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 6 (5), shall not exceed the product obtained by multiplying one-tenth of the sum of the quotient determined under clause 2 (1) (a) and the P.A.C. for the pupil by the number of months during which the pupil is enrolled in such year in a school operated by the board that provides the instruction. O. Reg. 42/84, s. 5.

6.—(1) In this section "high-cost program" means,

(a) a special education program other than a program provided in the board's school in lieu of an education program provided by a provincial school for the blind and the deaf or such other program approved by the Minister for which a General Legislative Grant is payable;

(b) a program for trainable retarded children;

(c) a program that includes technological studies that qualify in a school year for three or more credits toward the Secondary School Graduation Diploma or Ontario Secondary School Diploma; and

(d) a program of grade 9 or 10 that is offered in an elementary school.

(2) The fee calculated under section 2, where chargeable by a board in respect of an elementary school pupil who is registered in a high cost program or a pupil enrolled in a school or class for trainable retarded pupils other than a trainable retarded pupil who does not have a right to attend under subsection 73 (1) of the Act, may be increased by multiplying it by a factor agreed upon by the fee payor and the board charging the fee when,

- (a) the ratio of the A.D.E. of such pupils registered in a high cost program for whom fees are receivable by the board from such fee payor to the A.D.E. of elementary school pupils or trainable retarded school or class pupils registered in such high cost program conducted by the board,

is greater than,

- (b) the ratio of the A.D.E. of such pupils for whom fees are receivable by the board from such fee payor to the A.D.E. of elementary school pupils and trainable retarded school or class pupils registered at the board's schools.

(3) The factor agreed upon pursuant to subsection (2), in the case of a pupil registered in a program referred to in clause (1) (d), shall not be greater than the sum of one and the enrolment weighting factor for grant purposes for elementary school pupils enrolled in grade 9 or 10 referred to in the definition of "day school weighted A.D.E. for grant purposes" in the regulation entitled "General Legislative Grants" applicable to the year for which the fee is calculated.

(4) Subsection (2) applies, with necessary modifications, to secondary school pupils.

(5) Where a pupil to whom section 5 applies is registered in a high-cost program, the maximum fees payable in respect of such pupil shall be determined by multiplying the maximum fees under section 5 by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable.

(6) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the party from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned. O. Reg. 42/84, s. 6.

7. Where a board, except a board appointed under section 70 of the Act, provides an education program in a hospital or treatment centre, other than a program for which the board receives General Legislative Grants equal to the salaries of the teachers conducting the program and other program expenditure allow-

ances, the fee payable in respect of a pupil who is not qualified to be a resident pupil of the board and for whom such an education program is provided shall be such as may be agreed upon between the board that provides the program and the parent or guardian of the pupil or the board of which the pupil is qualified to be a resident pupil. O. Reg. 42/84, s. 7.

8. This Regulation applies to fees for pupils in respect of the year 1984 and succeeding years. O. Reg. 42/84, s. 8.
